THE YEAR WE  
STARTED MAKING  
DREAM HOMES A REALITY

In Felixstowe, we are not only able to offer you a stunning location, we are also dedicated to building quality new homes that stand the test of time.

Visit one of our developments built 10 years ago, and see how the community has developed.

A lot may have changed since the day our founder John Bloor built the first Bloor home in 1969, but one thing has remained the same, our dedication to providing beautifully crafted homes in fantastic locations, so you and your family can enjoy life to the fullest.

Our approach to the design of every new location we create goes far beyond the provision of superior homes for today's varied lifestyle. We make every effort to conserve the natural balance of each location including the

conservation of wildlife and the preservation of natural features. Care and consideration is also taken to ensure that the environmental impact of every new home we build is kept to a minimum.

Whichever home you choose, you will find that our homes, with their high specification, provide not only maximum comfort, but also greater freedom of movement.

Plus, reserve a Bloor home in the early stages of construction and you will have the freedom of choice to select from our range of finishes for your kitchen, bathroom and en suite facilities.

Once reserved, you will be able to take advantage of "Your Choice" which allows you to choose additional fixtures and fittings to personalise your new Bloor home, or upgrade to a higher specification from the standard range used on this development at an extra cost.

We are proud to be building in Felixstowe, Suffolk bringing quality homes and developing communities.

THE NUMBER OF  
DREAMS WE MADE  
REALITY LAST YEAR\*

Choosing to buy a new Bloor home eliminates many of your worries. Without the DIY involved in buying a second - hand property, you will be able to enjoy spending more quality time with your friends and family.

We hope that you will never need it, but that doesn't mean we don't understand the peace of mind that comes with having an insurance backed 10 year warranty from the NHBC.

As well as our own rigorous checks carried out during the build process, the warranty provider will also carry out their own inspections on your new home, ensuring that it's built to the high quality we pride ourselves on.

Most of us don't regularly buy a new home, so it's no wonder it can seem a little confusing at times. But it's not as scary as you might think, we'll hold your hand through the entire buying process. After all, we've been doing this for fifty years so rest assured, you're in good hands.

We'll work hard to make sure you know exactly what to do and when to do it. That way, you'll have all the information you need to hand. Simply follow our step by step guide and know that we'll be here to answer all your questions. And what's more, we'll keep on looking after you and your home long after you've moved in.
