

Plots Wellbank Park, Bootle, LA19 5TB

Prices from £125,000

Plot price - £125,000.

Wellbank Park is a unique and exciting venture as it is the first custom build site in the Lake District National Park. With a focus on wellbeing, sustainability and the environment, this development is truly unique. This is an incredible opportunity allowing buyers to custom build the perfect house for them, their life style and family.

Build your dream house to meet your exact needs. From a low-cost energy specification future proofing against rising energy costs to a home with more bathrooms than bedrooms, at wellbank you can have it all. In addition to this home owners can take advantage of the government grants available through the design and build scheme. Saving house buyers up to 20% of the cost.

Plots available for purchase without the custom build option.
