

**Property Description:** A stylish two-bedroom link house, ideally situated in the sought-after village of Cummersdale, just minutes from Carlisle city centre. Walking distance to major employer, Pirelli. Perfect for professionals, couples, or small families, this well-presented home offers comfort, convenience, and a touch of countryside charm. **Key Features:** 2 spacious double bedrooms, modern décor throughout, contemporary fitted kitchen, sleek family bathroom with shower over bath, rear garden with lawn, patio and fence surround, Off-street parking on the block-paved drive, Gas central heating and double glazing throughout. Located to the south of Carlisle city centre, this property enjoys easy access to local amenities, countryside walks, and excellent transport links via the A595 and M6. Council Tax Band B, EPC Rating: B.

# Energy performance certificate (EPC)

14, Dale Meadows  
Cummersdale  
CARLISLE  
CA2 6DR

Energy rating

**B**

Valid until:

**20 August 2029**

Certificate number:

**2398-3046-7358-6831-4964**

Property type

End-terrace house

Total floor area

68 square metres

## Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read [guidance for landlords on the regulations and exemptions](https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance) (<https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance>).

## Energy rating and score

This property's energy rating is B. It has the potential to be A.

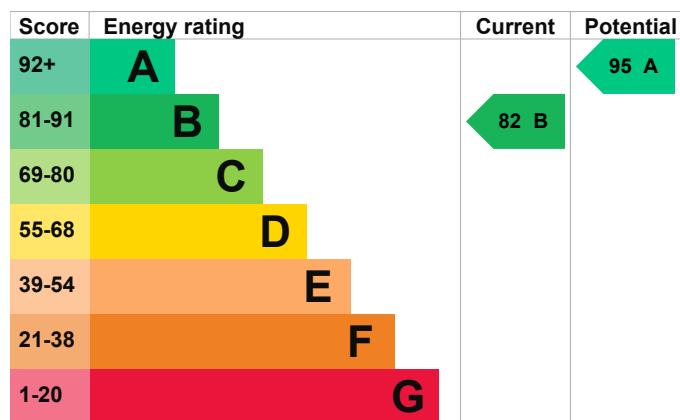

[See how to improve this property's energy efficiency.](#)

The graph shows this property's current and potential energy rating.

**Properties get a rating from A (best) to G (worst) and a score.** The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D  
the average energy score is 60

## Breakdown of property's energy performance

### Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

| Feature              | Description  | Rating    |
|----------------------|--|-----------|
| Walls                | Average thermal transmittance 0.16 W/m <sup>2</sup> K                    | Very good |
| Roof                 | Average thermal transmittance 0.11 W/m <sup>2</sup> K                    | Very good |
| Floor                | Average thermal transmittance 0.12 W/m <sup>2</sup> K                    | Very good |
| Windows              | High performance glazing   | Very good |
| Main heating         | Boiler and radiators, mains gas  | Good      |
| Main heating control | Time and temperature zone control  | Very good |
| Hot water            | From main system   | Good      |
| Lighting             | Low energy lighting in all fixed outlets                                 | Very good |
| Air tightness        | Air permeability 5.8 m <sup>3</sup> /h.m <sup>2</sup> (assessed average) | Good      |
| Secondary heating    | None   | N/A       |

### Primary energy use

The primary energy use for this property per year is 106 kilowatt hours per square metre (kWh/m<sup>2</sup>).

### How this affects your energy bills

An average household would need to spend **£351 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £30 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2019** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

### Heating this property

Estimated energy needed in this property is:

- 2,397 kWh per year for heating
- 1,877 kWh per year for hot water

## Impact on the environment

This property's environmental impact rating is B. It has the potential to be A.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year.

### Carbon emissions

An average household produces 6 tonnes of CO2

|                                      |                   |
|--------------------------------------|-------------------|
| This property produces               | 1.3 tonnes of CO2 |
| This property's potential production | 0.2 tonnes of CO2 |

You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

## Steps you could take to save energy

| Step                         | Typical installation cost | Typical yearly saving |
|------------------------------|---------------------------|-----------------------|
| 1. Solar water heating       | £4,000 - £6,000           | £30                   |
| 2. Solar photovoltaic panels | £3,500 - £5,500           | £295                  |

## Who to contact about this certificate

### Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

|                 |  |
|-----------------|--|
| Assessor's name | Adrian Farnell   |
| Telephone       | 01254 774943   |
| Email           | <a href="mailto:adrian@aldrock.co.uk">adrian@aldrock.co.uk</a> |

### Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

|                      |  |
|----------------------|--|
| Accreditation scheme | Elmhurst Energy Systems Ltd  |
| Assessor's ID        | EES/019609   |
| Telephone            | 01455 883 250  |
| Email                | <a href="mailto:enquiries@elmhurstenergy.co.uk">enquiries@elmhurstenergy.co.uk</a> |
