On behalf of Cornovii Homes we are delighted to market these stunning homes at Ellesmere Wharf.

The ground floor of this home offers lots of room.

The kitchen has enough space for a dining area, ideal for spending mealtimes together. Fitted with cupboards from Symphony Kitchens and integrated appliances including a dishwasher, washer dryer, and a fridge freezer. The spacious separate living room, with French doors leading to the garden, is perfect to relax in.

Upstairs are two double bedrooms, one featuring an en suite shower room. Built in storage, off the landing, and a contemporary family bathroom with Roca Gap sanitary ware, Porcelanosa tiles, and heated towel rail completes the first floor. To help save money on energy bills the Newton Mere comes fitted with solar PV panels as standard.

Helping to reduce energy bills, this brand-new home has solar PV panels as standard and provision for EV Charger.

Property details

DESCRIPTION

These beautiful 2, 3 and 4 bed homes have been designed to provide you with sustainable living. The technology and systems they use help reduce carbon emissions, reduce energy bills, and emit, on average, at least 20% less CO² than a typical new build. Perfect for both families and first-time buyers.

Solar PV Panels

Cornovii Homes really wants to help its customers save money on their electric bills. That's why they install solar PV panels as standard to all their homes at Ellesmere Wharf. They will be reducing your energy bills from the moment you move into your new home. All you need to do is simply get in touch with your electricity supplier and register for a Feed-in Tariff (subject to availability).

All the homes at Ellesmere Wharf are rated A for energy efficiency.

All Cornovii homes come with an Energy Performance Certificate (EPC) containing information about the property's predicted energy use and typical costs.

Hive Thermostat

Ring Doorbell

Cornovii want to give our customers peace of mind. Therefore, they fit a Ring doorbell to all their homes. With its built-in video camera, you will always know exactly who is at your front door!

Own or thinking of owning an electric vehicle. Well good news!

Your home already has the facility to fit an EV charger. This enables you to fit up to a 7KW rapid charger when you need it.

There is an annual service charge for each home for 2023/2024 this is £488.01 per annum and we would recommend this is verified during pre contract enquiries.
