The Home -

This four-bedroom, Victorian house on Coopersale Road has been thoughtfully renovated and extended to create an impeccably designed home, perfectly suited to family life. The current owners have remodelled the internal fabric of the home and extended into the loft using high quality, bespoke materials throughout - increasing the home's internal footprint to 1,583 square feet (including the cellar). To the rear there is a landscaped matured garden, with the larger green spaces of Millfields Park, Victoria Park, plus Queen Elizabeth Park, all within easy reach.

The Indoors

The house is set back on a quiet, residential road, with the entrance accessed via a wonderfully tiled front garden approaching the front door with secure bin storage located to the righthand side. The inviting entrance hall with period detailing provides access to a ground floor W/C, wonderfully designed area for coat and shoe storage and a door under the stairs leading down to the cellar for additional storage. The through lounge offers a wonderful use of colour blend with Farrow and Ball 'Hague Blue' and 'Perbeck Stone' complimented with excellent natural light via the dual aspect windows and doors. The bay window at the front of the plan allows an abundance of natural light to illuminate the painted wooden floorboards and the marble fireplace surround which creates the main focal point of the room. Restored ceiling roses and cornicing finish the space with character and charm. The back portion of the lounge offers access to the rear garden via the tall glazed door and has bespoke shelving and cabinetry surrounding the marble fireplace.

The kitchen offers plenty of granite worktop space ideal for food preparation, with stylish high gloss grey doors and cabinetry housing the Rangemaster five hob dual fuel cooker and double oven, integrated fridge freezer and wine cooler. The space offers Italian porcelain tiles underfoot laid over underfloor heating with ample room for dining and entertaining opening onto the garden via the aluminium bi fold door.

The grand staircase connects the ground floors with three of the bedrooms, with a further large bedroom arranged over the upper levels opening into a recently renovated walk in wardrobe. The more recently added bathroom has been designed by 'Delaware Designs' and is complete with underfloor heating, large soaker tub with views over the rear gardens, open shower with glass screen and soakaway and a beautiful mix of colour to compliment the room. The principle bedroom is filled with natural light and currently set up as a home office with built in wardrobes and offering lovely views over the street and the sunrise in the morning. The fully tiled spacious bathroom has been finished to a high standard complete with stone raised sink built in bath, separate walk in shower and underfloor heating warming the room. Next to the bathroom you will find a utility room housing the washing machine.

The Outdoors

The west facing garden is a wonderful space that has been meticulously designed by the current owner. From the kitchen and through lounge, aluminium doors retract to open the space entirely to the outside, where the Italian porcelain tiled floors of the interior continues to the patio creating a primary terrace and seating area with a Pergola overhead. A decked area with mature planting either side separates the spaces perfectly and beyond this, the lawn extends and is flanked with slatted fencing.
