£550.000

High Street, Crowborough, TN6 2QA

This is a wonderful opportunity to own a piece of Crowborough High Street's most sought after shop fronts as the previous owners have held the well known, "W.E Cro & Son jewellers" for many a year. The building is being offered to the market with the full freehold which contains formally two shop fronts which have been made into one, plenty of space on the upper floors and a rear garden area which is as central as you can get on the High Street with plenty of parking options for owners and customers to the rear in the car park or opposite in the Morrisons parking area. The shop internally is a generous size which could suit many different options for the new owners. You could alternatively split the shop back into two to make two smaller shopfronts if desired. As you can imagine, there is plenty of character and so much scope to make something special. On one side, you have direct access to the rooms above which are spread over two further floors. There are two large rooms on each of these floors and have been plans to convert this into one large 2/3 bedroom apartment. On the other side there is separate access down the side of the building, or you could create an entrance through the shop directly. There are currently 6 rooms over the two floors with a toilet which have previously been used for separate offices and again are plans to convert this into a large apartment but plenty of options either way. Out the back of the building there is a good sized garden in which the current owners have
