HOMES

WHO ARE COUNTRYSIDE?

Countryside is a leading UK home builder and urban regeneration partner. We believe that where we live matters. We're passionate about creating places where people aspire to live, where they feel a true sense of belonging.

All our developments and homes carry a signature style and character, designed to work for the way people live today with materials that reflect our commitment to quality.

Our exacting standards and sustainable credentials combine to create places that will stand the test of time. As a result we hold more Housing Design Awards than any other developer.

From the character of the homes we build to the planning of environments and the unique detailing of the landscape, our creative approach to place-making creates places where people feel at home, providing a greater sense of belonging, spirit of neighbourhood and quality of life for everyone who lives in and around our developments.

OUR CUSTOMER SERVICE IS COMMITTED TO PROVIDING YOU WITH QUALITY HOMES

The whole team is working to achieve one common goal: to ensure that you are satisfied and happy with your new home, from the moment you make your reservation, to the day you move in and beyond. No matter who you are dealing with, or what queries, questions or complaints you may have, you can be confident that our people and procedures will adhere to the terms of our charter and the 'Consumer Code for Home Builders'. Copies of the 'Consumer Code for Home Builders' are available from our sales offices and via our website; a copy (also identifying where further guidance can be found) will always be provided to you upon reservation.

Our customer service begins at the outset, with our trained Sales Consultants who offer guidance on the legal process involved in buying a home and help with arranging mortgage finance through independent financial consultants.

All of our homes are built to National House Building Council (10-year NHBC warranty and insurance policy) standards, the technical benchmark for all newly built homes.

The standards provide guidance on every part of the building process from foundations to decoration, including tolerances, performance and technical standards. To obtain a copy of the standards visit www.nhbc.co.uk.

Each new home also carries the 10-year NHBC warranty and insurance policy (Buildmark) against structural defects for a 10-year period following the date of legal completion.

WHY BUY NEW?

1. MAKE YOUR HOME YOUR OWN

Replacing a previous owner's idea of 'interior design' can be a costly and time-consuming process. Move into a brand new home from Countryside on the other hand, and you have the perfect blank canvas just waiting for you to make your home your own!

2. NO NASTY SURPRISES

Buying a new home with Countryside means there'll be no nasty surprises or extra maintenance costs waiting for you. Move in with peace of mind knowing you're covered under the ten-year NHBC guarantee.

3. ENERGY-EFFICIENT HOMES

Did you know our homes are 27% more energy efficient than the national average* and 56% more energy efficient when compared to a Victorian property? This can save you up to £2,600 a year on energy bills. It's thanks to A-rated boilers, low energy LED lighting, smart thermostats and installing appliances with high efficiency ratings.

4. BECOME PART OF A COMMUNITY

Getting to know your neighbours and forming a new community is important, which is why we arrange events to introduce you to other homeowners and the Countryside team.

5. NO FORWARD CHAIN

No forward buying chain means you can enjoy the experience of moving into your new home with less stress.

6. BUILDING A BETTER FUTURE

Countryside creates quality, eco-friendly and sustainable homes in the best locations. Our outstanding range of new homes is designed for modern living with lower environmental impact and running costs, and low maintenance.

SUSTAINABILITY

As a leading UK housebuilder and regeneration partner, we are passionate about creating Places People Love. At Countryside, we pride ourselves on creating sustainable communities that support local needs and will last for generations to come.

We know that location and affordability are huge factors for our customers when it comes to buying a new home. Countryside homes are greener by design and have been built in line with energy-efficiency regulations and the environment in mind.

The environment that surrounds your home plays a huge part in your lifestyle and well-being, which is why we create outdoor and community spaces

with that in mind. From playparks to wildflower meadows to green open spaces, we endeavor to create nature-rich, healthy spaces for people to enjoy. Local wildlife and biodiversity is always taken into account. Our developments undergo ecological assessments: safeguarding wildlife and their habitats matters to us. The assessment highlights the measures we need to take to protect local species so the environment can continue to thrive.

We take pride in sourcing materials from supply chain partners which share our values and commitment to sustainability. In 2021, 99.6% of the timber we purchased directly was sustainably sourced and 100% was compliant with UK Timber Regulations.
