- Large Detached Garage
- Great Condition Throughout
- Outside Entertaining Areas

Holiday Cottages

Three totally self-contained holiday cottages are completed to an exceptional specification, including contemporary kitchens with good quality Siemens appliances. The kitchen appliances include a dishwasher, washer-dryer, fridge, microwave, hob and oven. The kitchens all take an open-plan living format, with the kitchen, dining and living area combined, making this ideal for holiday-type accommodation. All the bathrooms include a bath with a shower, a wash-hand basin with a cabinet and a WC. All have a tiled floor and partly tiled wall area. Each holiday cottage has a king-size bedroom and a twin room. The holiday cottages are within a one-block construction building with cladded timber and brick to the lower course.
