Located in a privileged environment, the townhouses are distributed in two attached collective homes with two floors each. Each unit features its own outdoor parking space, private pool, terrace, and solarium for enjoying the outdoors. Designed to maximize natural light and golf course views, the townhouses boast strategically oriented large windows. Additionally, they offer extras such as a private pool, terrace, and solarium for outdoor living. Surrounded by lush native vegetation, the townhouses promote a sustainable lifestyle. The vegetation not only refreshes the air and absorbs CO₂ but also turns the homes into bioclimatic spaces that harness natural resources to ensure low energy consumption.
