EFFORTLESS OWNERSHIP

Located in one of the UK's most desirable locations, Duchally Country Estate offers investors the chance to own freehold property in an established holiday retreat with an extensive track record. On-site management, maintenance and hospitality staff take care of your property and guests around the clock, ensuring it remains in outstanding condition for years to come.

Our revenue management teams work behind the scenes to market your property across hundreds of accommodation sales channels, including online travel agents and corporate accounts. This maximises the amount of time your property is rented, while using the latest algorithmic pricing technology to achieve the highest possible nightly rates. Our economies of scale also help to reduce the running costs of your property on a commercial scale, minimising deductions from your gross revenue.

With all of this delivered to you through one simple owner portal, you can login anytime to see all your returns, the average nightly rates you are achieving and automatically produce your invoices. A taste of Scotland Monteaths Restaurant

The award-winning hotel restaurant is open all day serving fresh, locally sourced food with, of course, a strong Scottish flavour.

Our commitment to excellence is reflected in the immense pride we take in the sterling reputation we've built up thanks to the efforts of our team of exceptional chefs and restaurant staff, who consistently deliver exquisite cuisine with excellent service. Our kitchen uses locally sourced produce from Perthshire, organic where possible, with a classic menu featuring vegetables from our gardens, locally grazed beef, fish caught in local streams and duck from the surrounding moors.

The Whisky Bar

If you haven't had a 'wee dram', can you even say you've experienced the real Scotland? Our traditional wood-panelled decor and crackling open log fire, is the perfect place to relax and unwind before dinner or enjoy a nightcap with loved ones. The Whisky Bar offers specialities from over 50 local distilleries – as well as our own Gatehouse Gin, produced in the on-site distillery and created from juniper berries and botanicals mainly sourced from the Duchally estate. Our friendly, knowledgeable bar staff are on hand to talk guests through the selections and offer advice to the uninitiated.

Gatehouse Gin – visit our on-site distillery

You don't have to be a gin connoisseur to enjoy our Gin Tasting Experience – but you will definitely be much more knowledgeable about our favourite tipple by the end of it! Named after the old gatehouse situated on the estate, we welcome visitors on specified days. Or we offer the full Gatehouse Gin experience, either book a Gin Tasting Experience or get some tips from the experts on how to blend your own craft gin cocktails with our Cocktail Masterclass.
