The Area

Whiting Bay is located on the south-east corner of the island and overlooks the Firth of Clyde, with views to the very southern point of Scotland. The village provides a newsagent, post office, pharmacy, two general food stores, café/bar, restaurant, bistro, hardware store and a farm shop. There is a craft outlet and art gallery, as well as a picturesque 18-hole golf course. Primary schooling is available in the village and secondary schooling is found at the High School in Lamlash. The surrounding area provides some of Arran's most scenic walks, not only along the shoreline, but also through the forest to Glenashdale Falls

The Isle of Arran, approximately 167 square miles in area, is sometimes referred to as "Scotland in miniature", as it is divided into highland and lowland areas by the Highland Boundary Fault. The island is a popular destination for geologists, due to the substantial volcanic activity around 16 million years ago in the Tertiary period.

There are many stone circles and standing stones dating from Neolithic times, including those on Machrie Moor and the Giants Graves above Whiting Bay. Arran is approximately 60 miles in circumference and has some of the finest scenery in Scotland, with excellent walking, rambling and sea and trout fishing. Tourist attractions include Arran Aromatics, Arran Heritage Museum, Lochranza Distillery and Brodick Castle. There are seven golf courses on the island with 'Nirvana' ideally positioned for an easy access to Whiting Bay Golf Club.
