About the Project

Beautifully set deep in the mountainside of Karmi Village, inhabited mostly by Foreign expats, comes an unparalleled new project that is sure to capture the hearts of those seeking the idyllic Cypriot lifestyle.

Surrounded by lush forestry, overlooked by St. Hilarion Castle, and boasting stunning views of the Kyrenia coastline, this historic village has been gracefully restored with a style that honours its rich heritage while also incorporating modern conveniences.

With a total of 28 villas coming in 4 different styles with 3-bedroom and 4-bedroom options, some of which come as triplexes, there is real flexibility to find the home that best suits your lifestyle.

Built on naturally elevated land, each villa maintains an unobstructed view of the coastline and is cooled in the summer by Mediterranean breezes. Large windows bring in wonderful natural light, while each home's elegant floor plan ensures that daily activity will seamlessly flow throughout the home.

A private pool and garden in every villa offer a natural outdoor extension of the living space, and provide the perfect spot for alfresco dining, endless entertaining or quiet relaxation.

In addition to all these amazing features, the local area features its own village pub, local bistros, a handicraft shop and a stunning hiking trail. Nearby Kyrenia town offers a number of amenities, including Girne American University, a supermarket, a 5-star hotel and casino, and the beach.

The Korineum Golf Resort sits an easy 30-minute drive away, close to Nicosia and Ercan Airport.
