THE LACE MARKET QUARTER

HIGH PAVEMENT & SHORT HILL • NG1

The Lace Market Quarter Apartments are a new development of attractive contemporary apartments situated in the historical Lace Market area of Nottingham. A combination of four restored listed buildings, complemented by two new five and seven storey buildings all surrounding a central courtyard, the development creates a relaxing space right in the heart of the city. Once the heart of the world's lace industry, the area is full of impressive examples of 19th Century industrial architecture and is now a protected heritage site. Since the 1970s the area has benefitted from council funding to refurbish the buildings which gives the area a huge amount of character. A real mix of old and new, the iron railings and old gas lamps mix seamlessly with the high spec offices, luxury apartments and a wealth of bars, restaurants and shops, all right on the doorstep of the development.

The Lace Market quarter is within easy reach of the amenities of Nottingham city centre. The mainline station and local tram stops are a short walk away, and the M1 is just 14 miles away. There is easy access to the surrounding area, including the University Park and the City Campus and Trent Bridge cricket ground is just over a mile away.
