This delightful house is set over three floors with each floor contributing to the fantastic living space and style this property offers.

To the ground floor is the contemporary open plan living space opening into kitchen area. The kitchen itself benefits from a bay fronted window giving a glimpse of the terrific rolling countryside beyond alongside Quartz worktops, integrated Lamona appliances and double oven with induction Hob, making this the perfect place to host family and friends.

To the rear of the living space we have French doors leading out to the low maintenance south facing garden, laid with slate patio and artificial grass. Completing the ground floor is the cloakroom toilet and sink.

Leading up to the first floor we find three bedrooms, two of which are spacious doubles with the third bedroom currently used as a home office but would also be perfect as a single bedroom or nursery space. The modern family bathroom is predominantly tiled with contrasting dark tiles against the classic white three piece suite.

The top floor is reserved for arguably the best room in the house...A true master bedroom, spanning and impressive 24' x 12'6" with a sleek shower room en-suite and of course the impressive views across the fields surrounding BS14 and beyond.

The garage is set behind the property with access given via a garden gate with a parking space allocated to the front of the garage door. Additional parking is used by the current owners running along the side of the property.
