Vendors Comments
We'd known about Millwood Homes and liked the quality of their homes for sometime before we purchased this house back in 2002. We heard of a Millwood Homes new development going up in East Farleigh, which was in the very early stages of development. We looked at the plans, visited the site, and were so impressed that we decided to buy off-plan, therefore allowing us to extend at the side and change rooms around to suit.

There were a number of factors that attracted us to the property, a wrap around garden: the location very peaceful and quiet, yet at the same time very convenient Its a very spacious house with its own large turning area and parking, so it's been such a lovely place for our children and grandchildren to visit This is definitely a place where we've been able to enjoy the best of both worlds. Our immediate surroundings are ever so peaceful, because the house is tucked away at the back of the development, we enjoy complete and utter privacy.
