The delightful three-double-bedroom cottage...

Nestled in the heart of Chediston, 2 Town Farm Cottage is a delightful three-storey, mid-terraced period property brimming with character and charm.

Stepping through the quaint storm porch, you're welcomed into the main reception room – a warm and inviting space rich in original features. Exposed beams adorn the ceiling and walls, and the solid wood flooring underfoot adds to the rustic elegance. A striking inglenook fireplace, complete with a wood-burning stove, forms the focal point of the room – perfect for cosy evenings in. Supplementary heating is provided via modern electric radiators throughout, which are Wi-Fi controlled for added convenience. A large window frames views over the pretty front garden, allowing natural light to flood the room.

To the rear of the cottage, the kitchen/breakfast room offers a charming blend of country styling and practicality. An original fireplace nook provides space for a cooker, while wooden worktops and upper cabinetry offer ample storage. There's room for a breakfast table, fridge-freezer, and washing machine. A stable door opens out to the rear garden, and a large window allows for picturesque views of the countryside beyond.

Just off the kitchen, a light and bright family bathroom includes a bath with shower over, WC and wash basin, all set within a long, thoughtfully arranged space with exposed beams and another generously-sized window.

Upstairs, on the first floor, the principal bedroom sits to the front – a spacious double with twin front-facing windows, exposed beams, and a substantial wardrobe cupboard above the lounge storage. Bedroom three, at the rear, is a charming double with built-in shelving and enviable views over open countryside.

The second floor offers a fabulous loft-style bedroom under the eaves. With exposed beams, a dormer window to the front, and access to a surprisingly spacious loft storage area (with lighting, power and the twin immersion water cylinder), this is a versatile room that could serve equally well as a guest bedroom, home office or creative space.

Outside, the rear garden is a peaceful haven, backing onto open fields. It includes a lawn, patio seating area, summerhouse with power, and a separate storage shed – all enclosed and private. The garden is a true sun trap and a joy in the warmer months.

A rare opportunity that makes this listing particularly special is that Number 3 Town Farm Cottages—the adjoining property—is also currently on the market with ATTIK. With its additional land, this offers a rare opportunity to acquire both properties simultaneously, creating the potential for a larger family home, an annexe, or even a holiday let (subject to relevant permissions). The two cottages together could form a truly exceptional residence in this idyllic Suffolk setting.
