Step Inside

In a coveted location tucked peacefully away to the rear of a prized cul de sac, this detached residence built in 1976 is perfectly placed for easy access to the beach, commuter routes and local highly rated schools. Well-presented yet with ample scope to be refreshed to reflect your own tastes and needs, its generous layout has a superbly natural flow.

Behind an enclosed entrance porch a wonderfully large hallway instantly provides a sense of space with the staircase and feature internal windows. Its generous dimensions unfold onto an admirably sized L-shaped living room beautifully lit by double aspect windows. Spacious and versatile, the layout can easily accommodate delineated seating and dining spaces with ample room to spare. Sliding doors open onto a paved patio making it simple to step outside and relax in the garden while a serving hatch connects to the adjacent kitchen allowing you to see the potential of reconfiguring the layout to create one tremendous open plan space (STNC).

With convenient side access and further views of the garden the notably proportioned kitchen is ready to be updated into a stylish space fully fitted with integrated appliances. Its current u-shaped design provides a wealth of storage and workspace, housing an array of freestanding appliances as well as a sizable breakfast area. A hallway cupboard supplies handy storage for coats, bags and shoes, and a cloakroom completes the ground floor.

Upstairs four excellently arranged and presented bedrooms generate flexible accommodation for a growing family and anyone working from home. An impressively large main bedroom has fitted wardrobes and an en suite bathroom that could easily be updated to add a luxury finishing touch. The second double bedroom has fitted wardrobes of its own, while a family shower room has a modern suite that includes a corner walk-in shower.

A further lawn is ideally sized for children to play and fencing lends a good level of privacy.
