Why invest in Manchester ? SUPPLY Manchester is struggling to keep up with the pace of growth and demand for housing, especially following a dramatic decrease in residential completions since their previous peak in 2006. DEMAND The city's population growth is exceeding expectations. Manchester's city centre population grew approximately 10% from 2014 – 2017 and is projected to increase by a further 37% between 2018 - 2024. GROWTH Manchester recorded the highest GVA growth per head at 6.8% since the inception of the Northern Powerhouse initiative Contact us today to receive the full investment overview
