Internally, the property is accessed via a central hallway, which features a staircase leading to the first floor and doors leading into both the conservatory and the formal living room. The formal living room, which enjoys exposed roof timbers, also offers a beautiful wood-burning stove which is set within an Inglenook fireplace, and a large bay window overlooking the front gardens.

The living room provides access to a rear lobby, which in turn leads to a second reception room, currently utilised as an excellent study, with fitted bookshelves and access to a large storage area.

To the rear of the property, an inner hallway leads to an impressive kitchen/breakfast room, with tiled flooring, a mains gas-fired 'Aga' range cooker, and a window overlooking the side courtyard. The kitchen flows through to a secondary kitchen prep/utility area, which provides access to both the rear courtyard and an additional utility room.

The ground floor accommodation extends further into a dining area, which opens into a spacious conservatory with doors leading out onto the front terrace and gardens.

A further door from the dining area leads into the side annexe, which currently comprises a games room, a second kitchen space, and access to a ground-floor bathroom. The sitting/games room also features a secondary staircase leading up to the first floor. This space is extremely versatile and could provide separate facilities for multi-generational living (for grandparents/teenagers) or as way of generating further income should it be required.

The main staircase from the central hallway leads up to the first-floor landing, which gives access to six good-sized bedrooms. The first floor also includes two en-suite bathrooms, one of which benefits from a Jack-and-Jill arrangement, as well as a well-presented family bathroom that has been re-fitted, and features a four-piece suite, including a cast-iron freestanding bath.

Externally, the property benefits from a large outbuilding that offer further potential for development (subject to the correct planning consents) if desired. The extensive grounds extend to approximately 2.5 acres and include a large enclosed garden, fruit trees, and a partially walled formal garden.
