Property Description

Chestnut House is located in the heart of the highly desirable village of Gilmorton. The detached two storey property of red brick construction with the original part of the house is thought to date from 1879 with a further extension added in 1973. The property is a sizeable property (approximately 212sqm or thereabouts) with driveway access leading to a single garage and outbuilding to the side. Although the property has been well kept and benefits from having uPVC windows it would benefit from some modernisation.

The accommodation comprises ground Floor: Entrance hall, kitchen, small pantry off the kitchen, WC, utility room with access to the cellar, dining room with stair case rising to the first floor and sitting room with French doors onto the rear gardens.

First Floor: Landing area with master bedroom with en-suite, four further bedrooms and family bathroom.

Outside: Chestnut House sits in a plot extending to 0.28 acres or thereabouts. To the north of the property is a large, walled driveway with space for several cars and access to a single, detached garage. The garage is of red brick construction under a pitched, tiled roof.

To the rear of the garage is a further brick built outbuilding and offers the potential attractive redevelopment opportunity (subject to obtaining the necessary planning consents). The garden sits to the rear of the property and is predominantly laid to lawn.

The garden is walled along the northern boundary, with the other boundaries being enclosed with timber fencing. To the west of the garden is a further additional lawned area which is partially walled and partially fenced and is laid out as a long, thin strip of land. To the immediate rear of the house is a patio area with a gate leading through to the driveway.
