First Class Facilities

- Flexible office space
- Corporate lounge
- Hi-tech meeting rooms
- Wellness facilities
- On-site free parking

Corporate offices

Corporate offers businesses a fully furnished, private office with its own shared corporate lounge.

As part of the corporate membership, you will have access to a shared lounge/break-out space, self-service tea & coffee points, on-site parking and data points for wired connections.

Corporate offices range from 2 to 45 desks; the majority of which benefit from large windows allowing natural light and elevated views of the River Dee. Office cleaning and reception services are included.

Superb location

Located on the banks of the River Dee, outside of the LEZ, but only a short walk from Union Square and Duthie Park, neospace offers a city location but without the bustle and noise of a city centre location. Large windows draw in natural light creating a bright inviting space, and with river vistas, make the ideal backdrop for the working day.

What members say....

An exceptional environment

neospace offers an exceptional office environment that combines high-quality workspace with a strong sense of community. The diverse range of companies within the building creates unique networking opportunities.

I wish I had tried it earlier

neospace isn't just a workplace, it's a home from home. The team cleverly create a friendly, professional and productive environment that I wish I had tried sooner. Since starting working at neo my motivation and productivity have increased.

Friendly, helpful staff

You can't beat neospace for everything from long term offices, contemporary break out areas, smart meeting rooms, business support and flexibility! Staff are lovely and always helpful too. Highly recommend them.
