Three central ceiling lights and a plinth heater provide warmth and illumination, making this space ideal for family meals and gatherings.

The space is complemented by carpeted flooring, a central ceiling light, two additional wall lights, and an open archway that seamlessly connects it to the kitchen and dining area.

Utility Room

The utility room is a practical and well-equipped space, featuring a range of wall and base units, a small worktop, and an inset stainless steel sink with taps and splashback tiles. The room is completed with quarry-style tiled flooring, a built-in storage cupboard, a fluorescent strip light, and a double-glazed uPVC window with a top opener to the side elevation, making it both functional and full of potential.

Bedroom One

The master bedroom is a well-appointed and spacious retreat, offering both comfort and practicality. A built-in wardrobe with mirrored doors provides ample storage space, while a matching dressing table with drawers, a fitted mirror, and matching bedside tables with a headboard add to the cohesive design. The double-glazed uPVC window, complete with top openers and a tiled sill, frames picturesque views of the rear garden and the rugby fields beyond, making this a peaceful place to wake up each morning. A single-panelled radiator keeps the room warm, while a central ceiling light and coved ceiling complete the space.

Bedroom Two

The second bedroom is spacious and well-equipped with fitted storage solutions, including a range of wardrobes with overhead cupboards, matching bedside tables, and drawers. A built-in wardrobe with shelving and rails offers additional storage, while a dedicated dressing area with shelves and a wall-mounted light adds a touch of elegance. The double-glazed uPVC window to the side elevation allows natural light to brighten the room, and the carpeted flooring, central ceiling light, and coved ceiling create a cozy atmosphere.

Bedroom Three

This dual-aspect bedroom is flooded with natural light, thanks to its double-glazed PVC windows on either side of the room. The space is warm and inviting, featuring a double-panelled radiator, a central ceiling light, and a wall light. A built-in storage cupboard with a hanging rail offers practical wardrobe space, while the carpeted flooring and tiled window sills enhance the room's character.

Family Bathroom

The main bathroom is both functional and well-sized, featuring a three-piece suite with a low-flush WC, a pedestal sink unit, and a panel bath with a wall-mounted electric shower and shower curtain. The walls are partly tiled, complementing the tiled flooring, and the space includes a single-panelled radiator, a wall-mounted mirror, and shaver sockets. Two frosted double-glazed PVC windows provide natural light while maintaining privacy, ensuring a bright yet secluded retreat for relaxation.
