

Moschato

THE GREENS

Moschato , is a historical small and friendly city with beautiful squares and pedestrian streets, famous for its social and athletic events.

Moschato is very close to the big Attica cities (ina distance of 15 minutes from Athens and 10 minutes from the harbour of Piraeus) and it'ssituated on the Phaleron Bay coast, east of the mouth of the riverCephissus.

Most public organisations and banks are located in the centre of the city, together with many kindergartens, schools and a number of traditional associations. In the last years, the city has been growing socially and economically in a fast way, especially in its coastal zone area.

The Moschato metro station is served by Athens Metro Line 1, which connects it with Piraeus and central Athens. Moschato is also served by the Athens Tram network, and by the bus.

M The Greens → Kallithea Metro station **1km**

✈ The Greens → Athens Airport **46.4km**

🚢 The Greens → Pireaus Port **6.5km**

Construction year 1977

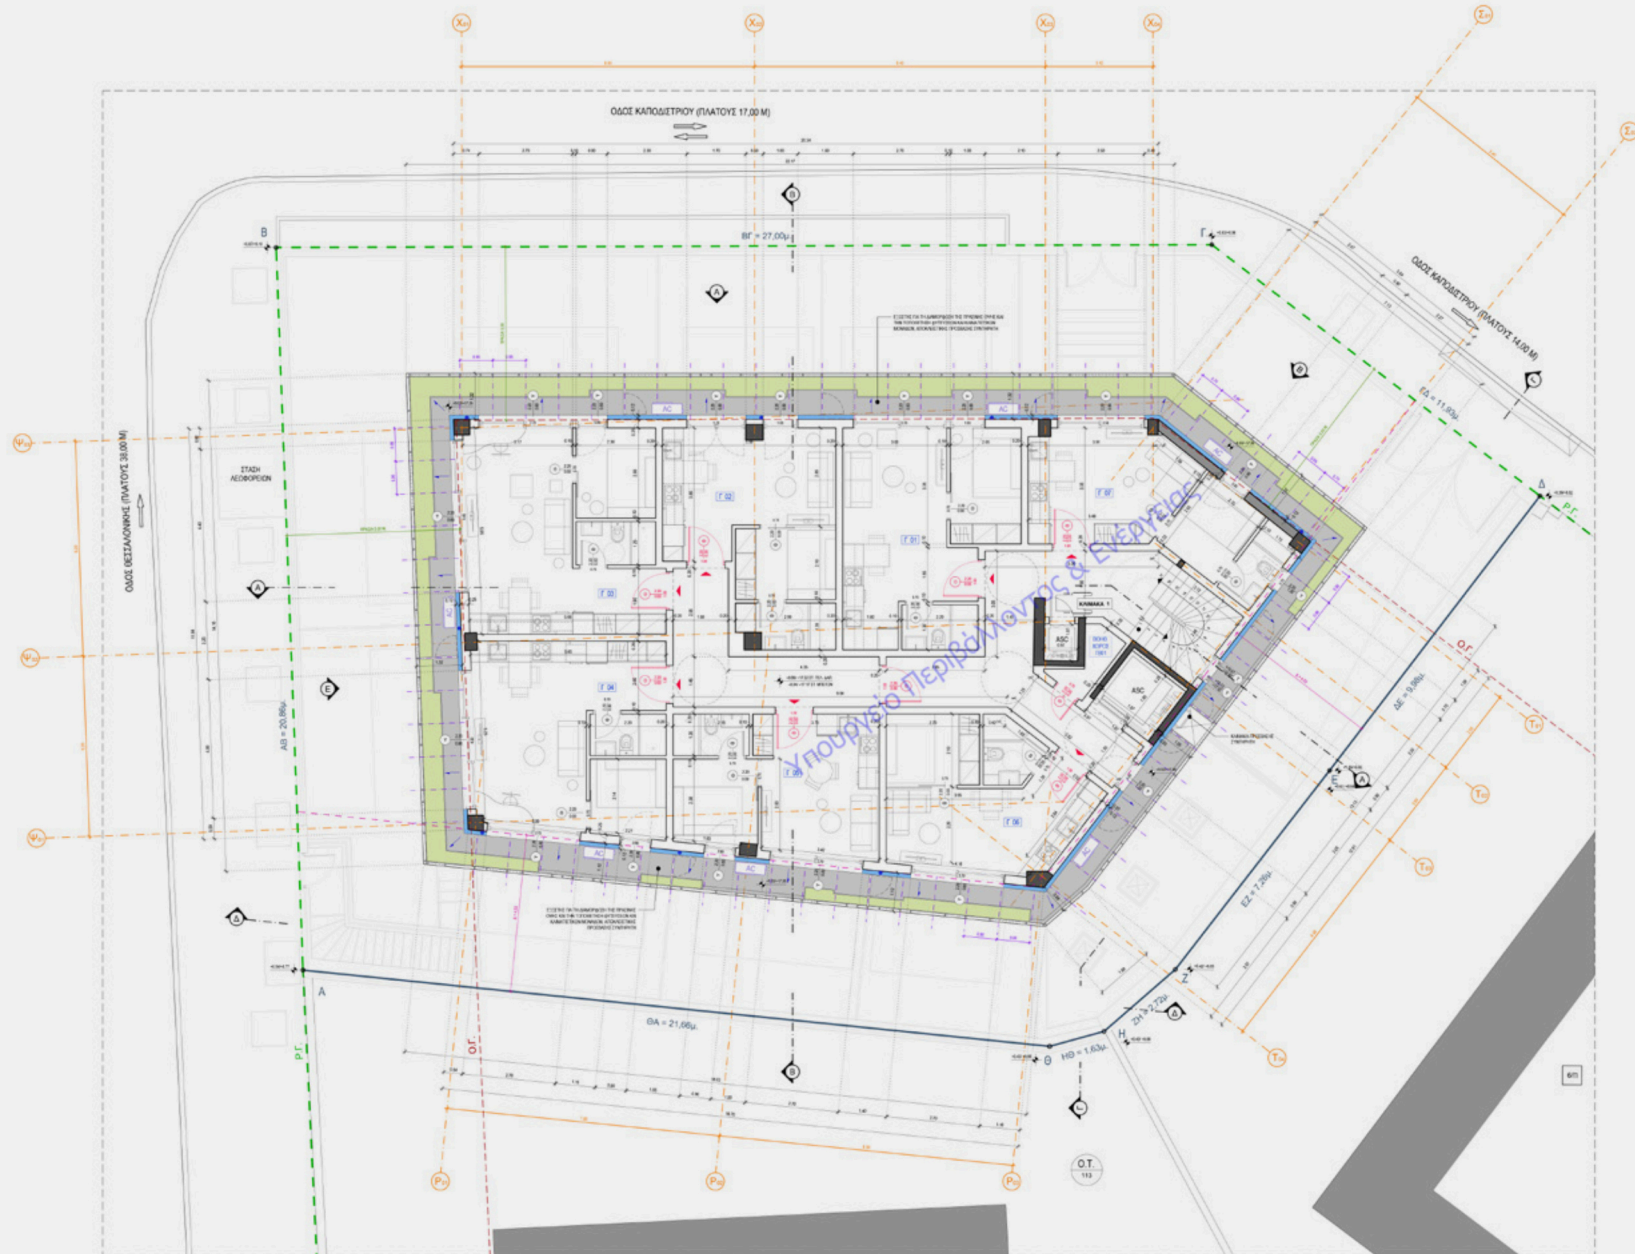

The Greens is a distinctive real estate project located in the picturesque neighborhood of Moschato. This development showcases 36 impeccably designed apartments that seamlessly blend contemporary living with the beauty of nature, creating a unique and tranquil living environment.

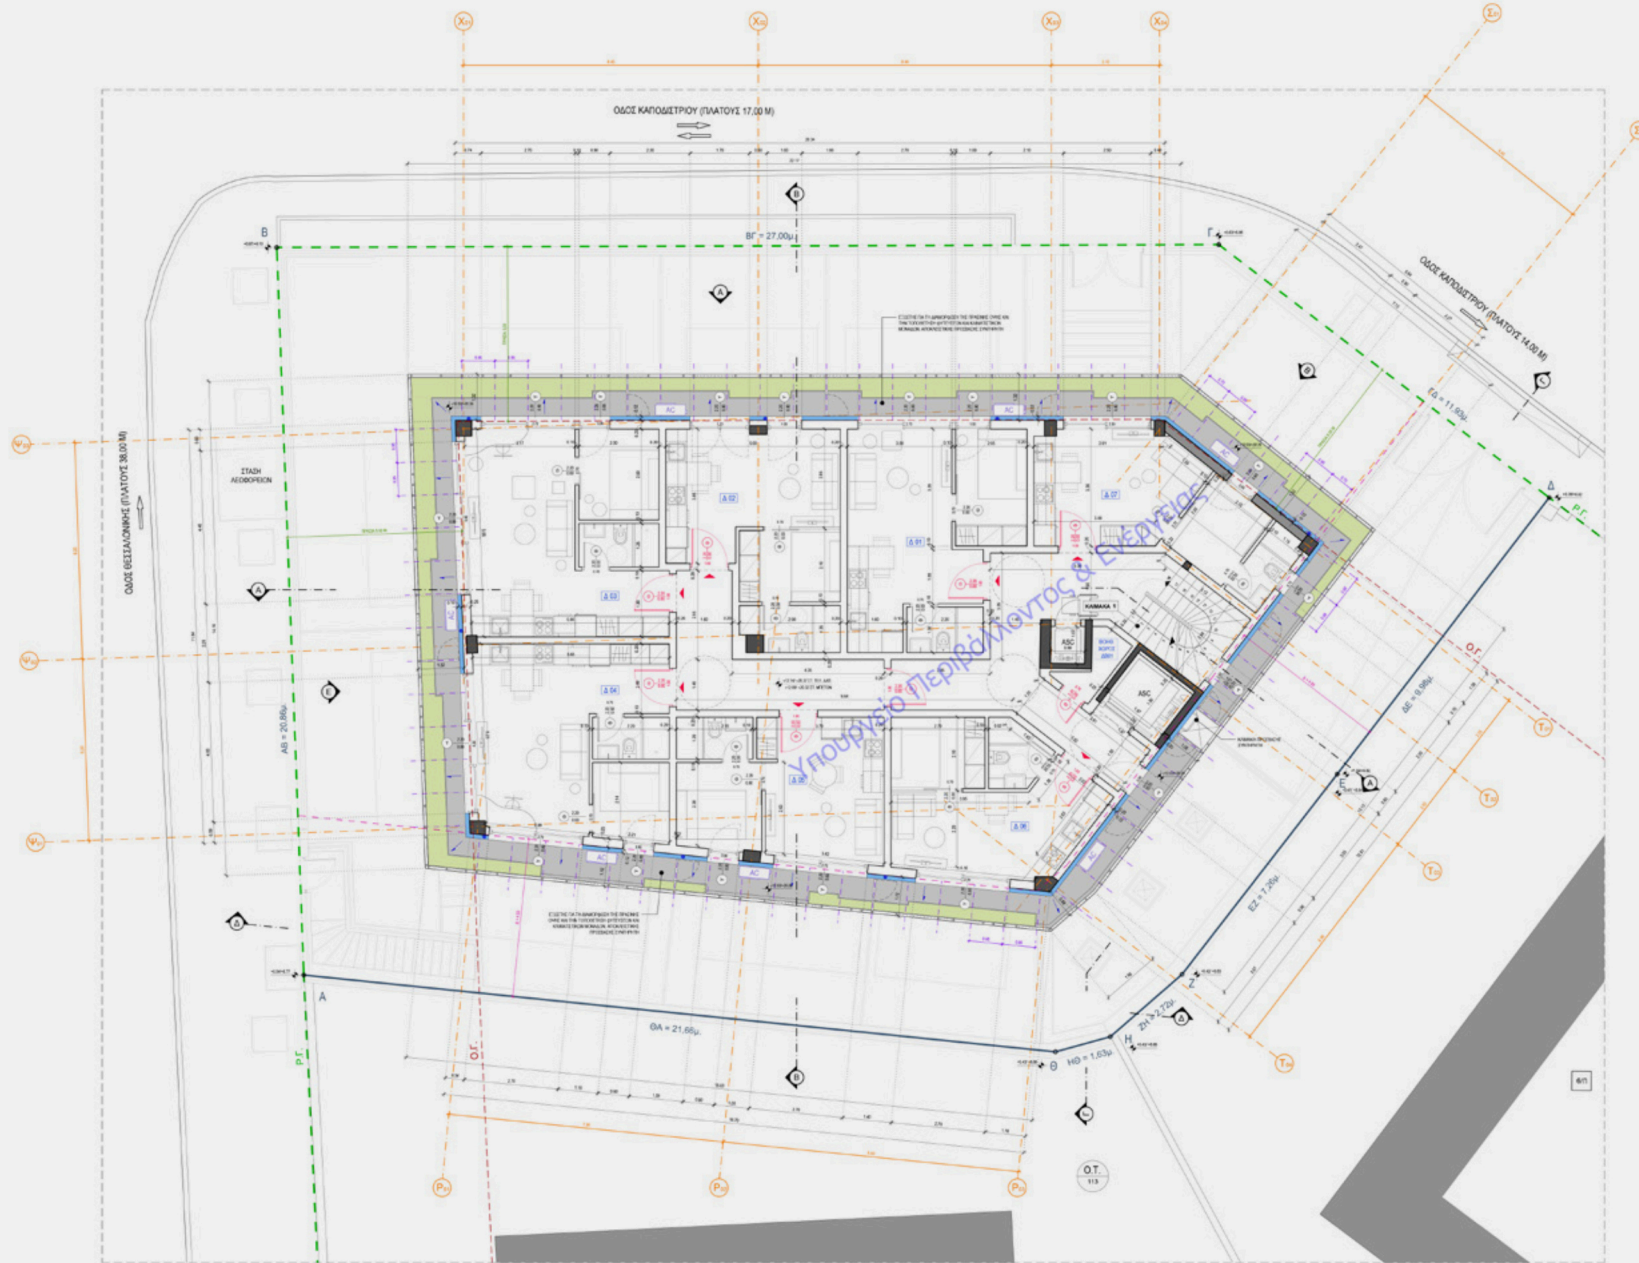

The name of the project comes from the creation and celebration of Green spaces using both horizontal & vertical gardens in the design.
