# FEAST YOUR EYES

The heart of the home is undoubtedly the large family dining kitchen, a space that brings everyone together. It's a room designed for modern living, where cooking and dining merge effortlessly, offering everything from casual breakfast bar meals to grand dinner parties.

This home doesn't just stop at one or two reception rooms – it boasts four distinct areas, each with its own character and purpose. Whether you're hosting guests in the elegant lounge, enjoying a movie night in the cozy snug, or letting loose in the vibrant games room, there's a space for every occasion and every mood. The versatility of these rooms is a standout feature, allowing you to adapt the home to your lifestyle.

# SWEET DREAMS

When it comes to the bedrooms, comfort and style are key. There are four generously sized bedrooms, each thoughtfully designed with a keen eye for detail. The principal suite is a true retreat, with high ceilings, abundant natural light, and a wall of fitted wardrobes that cater to all your storage needs. The accompanying ensuite bathroom is a modern sanctuary, offering a perfect spot to unwind at the end of the day. The other bedrooms are equally impressive, each with unique features like a play den or charming skylights that create a warm and inviting atmosphere.

For those who value practicality, this home delivers in spades. A useful utility room keeps the household running smoothly, with plenty of space for laundry and extra storage. The integral garage provides convenient access from the house, making those rainy day dashes with groceries a breeze. And with an additional separate garage, you have all the room you need for vehicles, hobbies, or even a workshop.

# STEP OUTSIDE

Outside, the gardens are a true highlight. Designed for both relaxation and recreation, the outdoor space is as versatile as it is beautiful. From vegetable plots for the green-fingered to lush lawns perfect for children's play, there's something for everyone. The private rear terrace is a showstopper, featuring a sleek glass-covered veranda with infrared heaters and concealed lighting, creating an ideal spot for year-round outdoor enjoyment. And, of course, there's the hot tub – the perfect place to unwind under the stars. A charming summerhouse adds another layer of appeal, providing a convenient spot to change before a soak in the tub.
