THE PROPERTY

Originally constructed in the early 2000's and carefully extended and upgraded over time, this substantial residence now spans over 7,000 sqft on a privately gated 0.4-acre plot along Ormskirk's most desirable road. The layout has been created to offer a unified balance of everyday comfort and standout entertaining space, with an enormous open-plan kitchen, living and dining area forming the home's hub. Added highlights include a gym, cinema room, salon, and a large home office, while all six bedrooms come with ensuite access plus 2 family size bathrooms for added luxury.

Outside, the grounds are designed for privacy, relaxation and hosting, with tiered terraces, wide lawns, and a high-spec garden pod. Every detail has been considered to elevate daily living – and what lies beyond the surface is every bit as impressive.

GROUND FLOOR

A grand pillared portico sets the tone for what's to come, with double gloss-black entrance doors beneath an ornate fanlight opening into an impressive entrance foyer. The monochrome tiled flooring contrasts beautifully with the bespoke oak staircase, which rises through a galleried landing and split staircases to two upper floors. Ornate coving, and intricate architraves draw the eye upward to stately ceiling heights, offering an early glimpse of the detail and scale found throughout. Just off the foyer are a guest cloakroom, W.C., and two discreet storage areas—combining practicality with thoughtful design.

To either side of the foyer sit the principal living spaces. One side hosts a full-length lounge, with a front-facing bay window offering built-in seating and rear French doors opening to a stone terrace. A traditional wood-burning stove is set into a black quartz hearth and surround, creating a central point of comfort and character, while plush carpeting and dual-aspect views add warmth and light.

Opposite, the kitchen, living, and orangery-style extension spans from front to rear of the home and offers expansive, multi-functional space designed for modern family life and entertaining. Finished with large-format marble-effect porcelain floor tiles, the kitchen features crisp white cabinetry, white quartz worktops, and a central island with induction hob and ceiling-mounted extractor. The speaker system is integrated as are the high-spec Miele appliances including multiple ovens, fridge, freezer, wine coolers, and microwave, while a square bay window with fitted bench seating and inbuilt table with further storage adds a charming informal and stylish dining spot.

The living zone extends into a bright orangery space with glazed roofing and dual bi-folding doors leading out to the rear terraces and a partial wall leads through to a formal dining room, perfectly positioned for hosting yet still connected to the home's central hub.

Beyond the kitchen is a stylish and practical utility room with additional w.c., tiled throughout and fitted with contemporary sanitaryware.

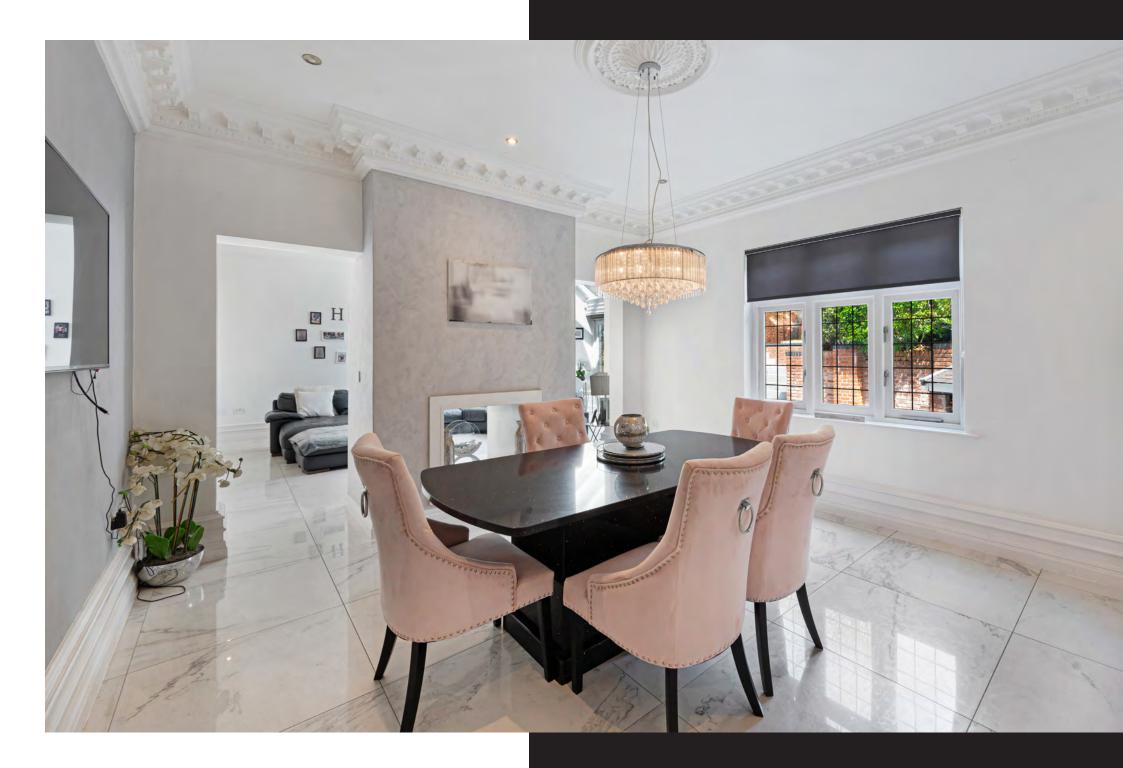

A separate two-storey wing completes the ground floor and offers outstanding flexibility. Currently arranged as a professional-grade gym and a bright personal salon with fitted seating at ground level, it also includes a first-floor gamers room and a dedicated cinema with tiered flooring, and integrated surround sound. This entire wing could easily be adapted into a self-contained annexe if needed, offering further lifestyle options for multigenerational living, guests, or even staff.

FIRST FLOOR

The wide, carpeted staircase rises gracefully, illuminated by a trio of tall windows that fill the stairwell and upper landings with natural light, creating a bright and welcoming circulation space across all floors.

The principal suite enjoys a peaceful front-facing position, overlooking the manicured lawns via a six-window square bay flooding the room with sunlight. Finished with plush carpeting and fitted with sleek, steel-grey built-in cabinetry, the bedroom also features integrated sound and media systems for added comfort. A large walk-through dressing room follows, offering full-height bespoke storage, a dedicated dressing table, and beautifully tailored fittings. This leads into a contemporary ensuite shower room, fully tiled in deep grey tones with silver mosaic detailing, a large walk-in rainfall shower, counter-top basin with vanity storage, and a concealed cistern W.C.

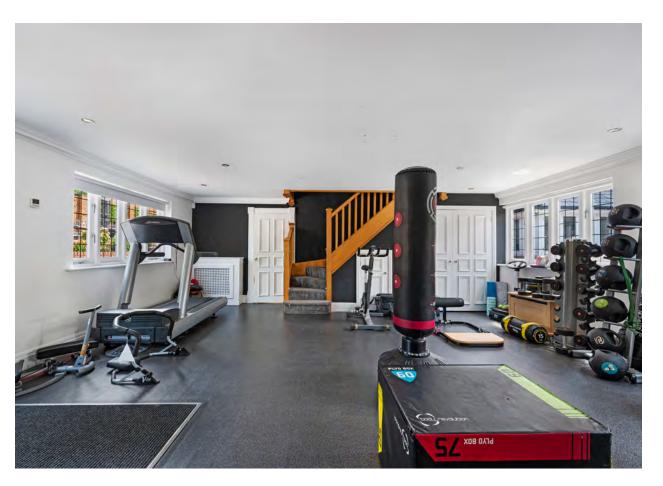

Positioned to the rear, the second bedroom suite offers a similar level of comfort, with its own walk-in wardrobe and a private ensuite tiled in soft, natural marble stone. Two further double bedrooms—one front, one rear—share access to a smart Jack-and-Jill shower room, finished in a contemporary palette of rich grey tiles and coordinating fittings.

At the centre of this level, a spacious family bathroom offers a calm, spa-like environment. Oversize porcelain tiles in a marble design frame a free-standing monochrome claw-foot bathtub, walk-in corner shower with black-framed screen, vanity basin, and W.C. - all designed to invite relaxation and indulgence and available for every member of the household.

UPPER FLOOR

The top floor extends the home's generous accommodation with two well-proportioned bedrooms, each featuring their own stylish ensuite shower room finished in a clean, contemporary palette. At the centre of the floor is a large family bathroom, echoing the warm marble stone of one of the shower rooms below, complete with a free-standing bath, walk-in shower, countertop basin, and W.C.

Completing this floor is a bright and spacious room with solid wood flooring and matching bespoke cabinetry, currently used as a home office/ study. With generous proportions and natural light, this space offers excellent flexibility to suit a range of needs. Whether used as a creative studio, further family accommodation, a private guest floor, the upper level offers practical luxury and adaptability in equal measure.

OUTSIDE

Set within a more-than-generous 0.4-acre plot, this incredible home enjoys privacy from the lane, thanks to remote-controlled entrance gates, tall hedgerows, mature trees, and walled boundaries. A decorative cobbled driveway—illuminated by integrated lighting—sweeps toward the house, flanked by expansive front lawns and providing ample parking for multiple vehicles.

To the side, further landscaped lawns are bordered by tall fencing for security and seclusion, with one section thoughtfully enclosed to create a safe and secure play area for children or pets.

At the rear, the grounds are designed with entertaining in mind. Large stone terraces span the full width of the home and connect directly to both the formal living room and the open-plan kitchen space, making gatherings feel easy and inclusive. Stone steps and layered raised beds lead to the upper part of the garden, where additional patios provide ideal spots for outdoor dining or relaxed evenings with friends.

A contemporary garden pod is a fun stand-out feature – created as a dedicated leisure retreat. Set within a fully decked, covered terrace with recessed lights and electric overhead heaters, the pod includes the integral speaker system and features bi-folding doors on two sides, opening to reveal a professionally fitted bar, wood-effect porcelain tiled floors, a large roof lantern, and a convenient W.C. A sunken hot tub with shower and patio zones completes the space, offering year-round enjoyment in a private and luxurious setting.
