A new home. The start of a whole new chapter for you and your family. And for us, the part of our job where bricks and mortar becomes a place filled with activity and dreams and fun and love. We put a huge amount of care into the houses we build, but the story's not finished until we match them up with the right people. So, once you've chosen a Miller home, we'll do everything we can to make the rest of the process easy, even enjoyable. From the moment you make your decision until you've settled happily in, we'll be there to help.

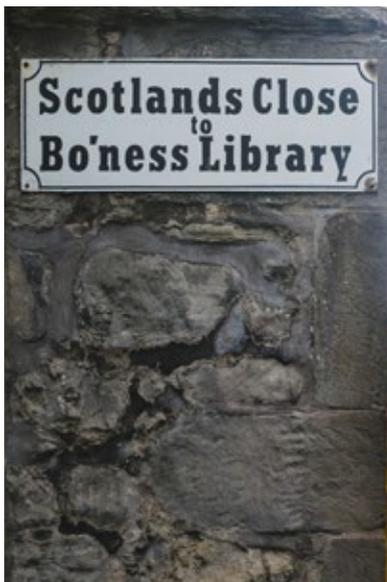

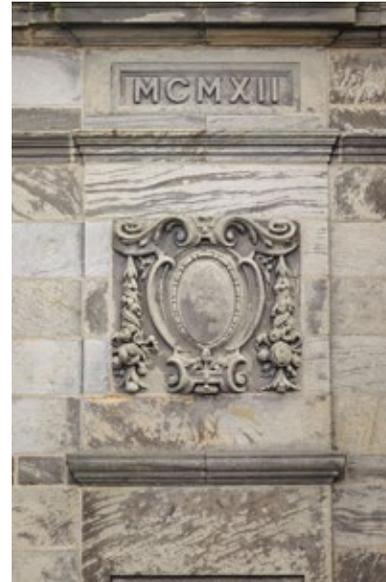

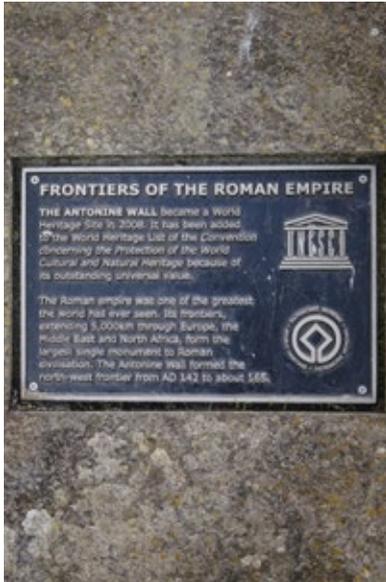

Quality of life is about the details of everyday living. From the little things, like knowing the nearest place to pick up a pint of milk, to more important matters like finding the right school or having a health centre nearby, you need to know that the community you're moving to will support you and your family, as well as being a pleasant place to live. So here's some useful information about the area around Antonine Brae.

Half an hour's drive from central Edinburgh, 40 minutes from Glasgow and just 15 minutes away from the Queensferry Crossing, Bo'ness is a perfect base not only for Scotland's cities but also for access to some of the country's most magnificent outdoor areas. Bus services between Edinburgh, Edinburgh Airport, Bo'ness and Stirling stop beside the development, as do services to Linlithgow, Grangemouth and Falkirk. Trains between Glasgow and Edinburgh call at Linlithgow, three and a half miles away. For cyclists and walkers, the John Muir Way runs along the shore less than a mile to the north.

There are convenience stores in Drumpark Avenue, five minutes' walk from the development, and in a small precinct at Grangepans. Bo'ness town centre, a little over a mile away, is a traditional shopping environment with a wide assortment of businesses arranged along its small network of streets. From family butchers, bakers and ironmongers to bookshops, craft suppliers and delicatessens, the retailers are interspersed with cafés, pubs, hairdressers and food takeaways. The local traders are complemented by large Farmfoods, Tesco and Lidl stores.

Welcome home

Fringed by trees and incorporating pleasant green recreational spaces, this attractive selection of energy efficient three, four and five bedroom homes brings a peaceful new neighbourhood into a superb base for travel throughout Scotland. Within walking distance of the shops and attractions of Bo'ness town centre, with easy access to Edinburgh, Stirling and the Queensferry Crossing, it offers an opportunity to settle down in one of Scotland's most historic communities. Welcome to Antonine Brae...

The Miller Difference

The Miller Difference
Every home we build is the start of an adventure. For more than 85 years we've watched people stamp their individual personalities on the homes we build. What we create is your starting point. Our job is to make sure it's the best one possible.

Shaped around you
For more than three generations, we've been listening to our customers. We know what you expect: the highest quality materials, the most skilled workmanship, ready to be shaped around your lifestyle.

Built on trust
Figures and statistics matter. We have, for example, a five star rating for Customer Satisfaction, the best possible, from the Home Builders Federation.

Even more important, though, is the feedback we get from our customers. After we've been with them on the journey from their first enquiry to settling into their new home, well over 90% say they would recommend us. That's the real measure of the trust they place in us.

Helping where we can
You might already have a clear picture of life in your new home. Or it might be a blank canvas. Either way, getting there is an exciting journey of discovery. And we're here to help.

From the first time you contact us, whether by phone, video call or a tour of a show home, we'll be listening carefully. Only you know what you want, but we'll be working with you to achieve it.

And we'll still be on hand, ready to help, long after you move in, quietly sharing your pride and satisfaction.

Pushing up standards
From beautiful locations and superb architectural design to meticulous construction work and exceptional finishes, our expertise is widely acknowledged. Our award-winning developments embrace state-of-the-art technologies and green thinking, but we never lose sight of the importance of craftsmanship. Every step is subject to rigorous Quality Assurance checks, and we reward our highly trained teams for safe and careful practice.

A smooth customer journey
Our award-winning service reflects the same high standards. As we guide you through your choices, decades of experience inform every step. So you can relax and enjoy the journey, knowing you have all the information you need.

With you every step of the way
After meeting your Development Sales Manager, who will help you choose and buy your new home, you'll be introduced to your Site Manager, who will be responsible for every aspect of the building work. They'll both be happy to answer any questions you have.

Fully involved
Your new home will quickly be moulded to your personal choices. So will our service. Once you tell us how you want to keep in touch, whether by phone, text, email, our custom designed app or via our website, that's how we'll keep you regularly updated and informed. You'll be able to access all the records of meetings, and see what happens next.

Make it your own
Even before you move in, there's the excitement of planning your interior. Choosing tiles and worktops, making decisions about appliances. We'll help wherever we can. Our Visualiser, for example, can help you make selections online then see them for real in the Sales Centre. Already, it's becoming your own, personal, space.

At a safe time during building, we'll invite you to visit your new home for a Progress Meeting where you can see the craftsmanship and attention to detail for yourself before it's covered up by fittings and finishes.

A place to grow
For us, the mark of success is seeing every home become unique, an individual reflection of the people who live there, and watching it become part of a thriving community.

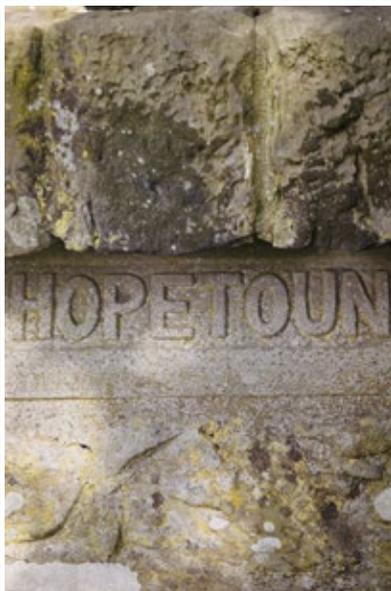

By creating sustainable homes, in sustainable communities, we're helping to build a sustainable future for everyone. Including ourselves.

your home
your way...

There is a wealth of parks and open spaces around the town, and the fascinating history of Bo'ness and its surrounding area is reflected in many local attractions and activities. Bo'ness and Kinneil Railway offers trips by steam train along a ten-mile route past waterfalls and over the Avon Viaduct, and also runs Scotland's largest railway museum. There is a four-star Motor Museum. To the west of the town, the beautiful Kinneil Estate, nature reserve, mansion and museum covers 2000 years of history, including remains of the Roman Antonine Wall. The Hippodrome Cinema, an A-listed building and the oldest purpose built picture house in Scotland and winner in 2019 of the Best Cinema Experience in Scotland, demonstrates the blend of the old and the new that gives Bo'ness its unique character.

Local amenities include a convenient gym at Bo'ness Recreation Centre, and Antonine Brae is in the catchment area for Grange Primary School and for St Mary's RC Primary. Both schools offer Early Learning or Nursery provision, and both of the primaries and Bo'ness Academy, a six-year comprehensive, are within around fifteen minutes' walk of the development. The area is also served by St Mungo's RC High School in Falkirk. Health services within approximately a mile of the development include Kinglass Medical Practice and Rosemount Dental Practice.

When you leave the car at home and explore the local area by foot or bicycle, you get to know it so much better. And by using local shops and services, you'll help to keep the neighbourhood vibrant and prosperous. Every place has its own personality, and once you move in you'll soon find your favourite walks, and the shops you like best. As a starting point this map shows some of the most useful features and services within a short stroll or bike ride.

Why Miller Homes?

We've been building homes since 1934, that's three generations of experience. We've learned a lot about people and that's made a big difference to what we do and how we do it.

We're enormously proud of the homes we build, combining traditional craftsmanship with new ideas like low carbon technologies. The big difference is that we don't stop caring once we've finished the building, or when we've sold the house, or even once you've moved in. We're there when you need us, until you're settled, satisfied and inviting your friends round.
