How to find us

A computer-generated architectural rendering of a modern multi-story apartment building at dusk. The building features a mix of dark grey stone and light grey brickwork. It has numerous balconies with dark metal railings, some of which are occupied by people. The windows are illuminated from within, casting a warm glow. In the foreground, there is a lush courtyard with a green lawn, several trees (including some with pink blossoms), and a paved walkway. People are seen walking and sitting in the courtyard. The sky is a deep blue, and the overall atmosphere is serene and inviting.

The masterplan

Located near Finsbury Park, Gadwall Quarter is a part of the wider North London Woodberry Down regeneration project which, once complete, will deliver over 5,500 new homes. Gadwall Quarter comprises 126 Shared Ownership homes, spanning 3 different blocks.

The development is set within astoundingly beautiful natural surroundings, a true haven in the city. Key to the development's design has been creating a sustainable community with open spaces for residents to mix.

The development layout does not show details of gradients of land, boundary treatments, local authority street lighting or landscaping. It is our intention to build in accordance with this layout. However, there may be occasions when the house designs, boundaries, landscaping and positions of roads and footpaths change as the development proceeds. Please check the details of your chosen property with your Sales Executive prior to reservation. 56158/October 2023.

Attention *to detail*

A carefully considered design balances elements of contemporary aesthetics, taking inspiration from the locality to ensure seamless integration into the community.

Parks and open spaces are crucial elements in the design, as they play a vital role in extending and connecting the high-quality natural environment that already exists in the surrounding landscape.

The homes themselves have been designed with the demands of modern day living in mind, versatile, open-plan living spaces mean that you can create your perfect home office, while still having enough space to host guests.

Every home comes with integrated appliances to the kitchen and flooring throughout, plus a private outdoor space. Discover a home where you can escape after a long day and enjoy the scenic surroundings of Woodberry Down.

Natural *serenity*

Discover a hidden natural marvel.

Where lapping waters meet green shores, where humans and wildlife share a peaceful habitat.

Take time to relax and watch the sun arc across the sky as it glistens off the reservoir's waves: this is tranquillity.

Once you have taken your eyes off the natural surroundings you won't quite be able to believe that the city skyline looms in the background.

“Being in contact with the natural world is the most precious inheritance that human beings can have.”

The words of Sir David Attenborough

A ringing endorsement

“Being able to see beautiful birds, some of them coming here all the way from Africa, is a great pleasure everyone in cities should be able to enjoy,” he said, as chiffchaffs, among the first migrant songbirds to arrive in the spring from western Africa, sang noisily from the treetops above.

Woodberry Wetlands is a haven for wildlife and people in Hackney: 11 hectares of reed-fringed ponds and dykes, free and accessible to everyone. The wetlands offers great opportunities for people to enjoy nature in the heart of London. There is also a café to enjoy refreshments and plenty of activities for all.

Sir David Attenborough himself opened the Woodberry Wetlands Nature Reserve back in 2016, and it stands as a testament to the area’s importance in offering a home for nature in the city.

Buying with Shared Ownership

Shared Ownership is a government-funded scheme designed to help people buy a home of their own. You buy a share of between 25% and 75% of the home's full market value and pay a subsidised rent on the remainder, with the option to increase the share you own when you can afford to (known as 'staircasing').

FIND

1. **Start your journey.** Choose the right home for you by visiting our website or giving us a call. Tell us what you are looking for and we will answer any questions you have.
2. **Are you eligible?** Complete the online application form. We'll check your form to see if you've met the overall criteria for Shared Ownership and whether it is affordable for you.
3. **Check out the development.** Book your viewing with our Sales Team.

APPLY

4. **Select your preferred home.** Have you seen something you like? Tell us which apartment is your preferred one.
5. **We offer you a home.** We'll try to offer you your preferred home. If we can't, we'll look to offer you a similar home at Gadwall Quarter or at another development of ours.
6. **Purchasing interview.** You'll supply evidence of your income, savings and other required information to one of our Specialist Financial Advisors. They will review whether buying the home is affordable for you in more detail and will look to find the right mortgage deal available to you. A member of the Sales Team will then contact you (usually by phone) to discuss the outcome of the review and explain the buying process in more detail.

BUY

7. **Instruct your solicitor.** When you instruct a solicitor you will also need to pay your reservation fee and apply for a mortgage.
8. **Exchange of contracts.** You're nearly there – exchanging contracts means that everything is tied up. We've legally agreed to sell you the home and you've agreed to buy it.
9. **Home demonstration.** When the building is ready, we'll invite you to see your home before you move in. We'll give you a resident's manual and make sure you are familiar with key features such as kitchen appliances, heating and security systems.
10. **Legal completion.** Reaching legal completion means you have bought your home and can move in. Congratulations, you are now a homeowner at Gadwall Quarter!

Our vision is to provide homes that build a better place for all

Notting Hill Genesis is one of the largest housing associations in London and the South-east, owning and managing more than 66,000 homes. We provide homes across a range of tenures and are dedicated to continuing to deliver housing that is affordable for all.

Our focus is on our customers. We put their needs at the heart of our structures, processes and systems and they drive our decisions each and every day.

We want them to be proud of the place they call home and from where they can begin to build lives, communities and futures.

We are committed to respecting and promoting equality, diversity and inclusion for residents, employees, stakeholders and volunteers. We are positive about diversity and are proud to be part of a range of initiatives that make us a stronger organisation and more able to help the wide range of residents we serve.
