VILLAGE

EAST LOTHIAN | BEAUTIFULLY CRAFTED 1, 2, 3, 4, & 5 BEDROOM HOMES

CUSTOMER NOTICE

The plans, illustrations, photography, lifestyle images and dimensions (metric and imperial) included in this brochure are indicative. Computer generated images are from an imaginary viewpoint and are designed to portray the development characteristics rather than serve as an accurate description of properties. Whilst every effort has been made to ensure the accuracy of these details, we operate a policy of continuous product development and therefore individual features and specifications may vary at the discretion of Cruden Homes. We reserve the right to make adjustments to house types and consequently these particulars and the contents thereof do not form or constitute a representation warranty, or part of any contract.

Welcome to a world of contrasts

Introducing Longniddry Village Phase 2 – the latest range of traditionally designed and beautifully crafted new dwellings from Cruden Homes. Situated in the heart of East Lothian, this multi-award-winning development enjoys a gorgeous semi-rural setting with direct road and rail links into central Edinburgh, and features a unique blend of apartments, coach houses, bungalows, and family villas. Ranging in size from one to five bedrooms, all properties at Longniddry combine characterful architecture with sleek, contemporary interiors – so whatever you're looking for in your next dream home, you'll find it here.

Longniddry Village is a truly unique development and completely different from anything else currently available for sale in central Scotland. The latest phase of 102 traditionally designed homes echoes East Lothian's rich variety of house styles, from apartments to coach houses, terraced, semi-detached and detached villas and bungalows. Here, Cruden Homes is embracing the longstanding vision of the former landowner, Wemyss & March Estates, to create a development which instantly feels part of this historic setting, with clean frontages, traditional features and welcoming streetscapes along each interconnected avenue.

Longniddry Village also benefits from over 80 years of housebuilding expertise by Cruden, combining the highest standards of construction with the latest specifications. Each property has a generous and carefully considered footprint reminiscent of Georgian and Victorian homes, with rear lanes purposely designed to accommodate garages and parking spaces. We've even provided a home for nature, with nesting boxes on selected plots. Everyone deserves a chance to live in such unspoiled surroundings.

The village of Longniddry itself occupies an enviable coastal position just ten miles outside Edinburgh. With a golden sandy beach, this affluent setting feels a world away from the hustle and bustle of Scotland's capital. Yet the A1 offers seamless links into the city by car, or using one of the local bus routes. Longniddry Station has direct rail services into Edinburgh Waverley, taking just 19 minutes, and the development features a dedicated footpath leading to the station.

In many respects, Longniddry resembles Edinburgh in miniature, from its stone-built cottages to its sense of community. There are plenty of amenities here too, from a primary school and community centre to a doctors' surgery, dentist and vet.

Leisure pursuits are a cornerstone of life in East Lothian, and Longniddry has its own bowling and tennis clubs, while its golf club enjoys panoramic aspects across the Firth of Forth towards Fife. Other famous courses along Scotland's Golf Coast include Kilspindie, Gullane, Craigielaw and Luffness and of course, the Open Championship venue at Muirfield.

East Lothian is officially renowned as one of Scotland's sunniest regions, making this the perfect place to enjoy outdoor activities, from beach walks to wildlife spotting. The Gosford Estate outside Longniddry is home to deer and wild boar, and it also hosts an equestrian centre offering woodland horse riding for the whole family.

Truly, this is a picturesque setting offering the very best work/life balance.

Specification

Our designs acknowledge the past, but every home at Longniddry Village is built for the future. A wildlife corridor has been incorporated into the estate's design to maintain permanence for smaller local residents, while renewable technologies like photovoltaic panels are set flush into rooflines to minimise their visual impact. Even garages are future proofed with cabling for electric vehicle charging points (optional fitted systems available on request).

All homes at Longniddry Village will also enjoy a carefully considered internal specification, featuring premium German kitchens with Siemens integrated appliances, designer tiling and chic white sanitaryware.

What's more, homebuyers can choose from a range of finishes and optional extras*, ensuring individual tastes are catered for.
