CHARLES CHURCH

The name on the finest homes

What is the indefinable quality about a Charles Church home that makes it so special, and makes so many aspire to owning one?

When Charles and Susanna Church laid the foundations of their first home in 1965, they were doing more than building a desirable residence. They were turning their vision of the perfect home into a benchmark for quality and a legacy for future generations to appreciate.

Over four decades later, their principles remain the cornerstone of every home we build and it is the firm emphasis of the Group to combine quality with aesthetically pleasing designs and traditional building techniques.

This philosophy has led us to enjoy an unrivalled reputation for over forty years. We pride ourselves not only on providing excellent examples of timberframe construction and craftsmanship but also on the elegance and character of our homes which are designed to harmonise with their natural surroundings.

We fully use the interior space of our homes combining every modern and efficient convenience within classic, timeless and elegant exteriors.

We recognise the importance of providing our customers with the opportunity to add character to their home through a wide choice of colour schemes, making certain that quality, service and value are inherent in all we undertake.

We also have a clear and practical approach to sustainability and fully support the Government's Code for Sustainable Homes. The national code standards are an important factor in the way we build and design both our developments and our homes.

Our exacting standards and attention to detail at every stage of the construction process play an integral part in achieving a totally unmistakable quality and sense of style. This unique combination of principles ensures that our homes and developments continue to win an ever increasing number of prestigious consumer, industry and media awards.

The ultimate winner however, is the buyer of a Charles Church home.

CHARLES CHURCH

Our commitment to you.

We believe keeping you fully informed throughout the home-buying process is key to making the whole experience enjoyably simple. That's why we created The Charles Church Commitment. It's our way of making sure you receive exceptional customer service and relevant communications before, during and after you've moved in.

As part of our commitment, we carry out comprehensive inspections of all key build stages on every new home we build to ensure everything meets our exacting standards. Once you've picked up the keys, we'll give you a few days to settle in before getting in touch to check everything's okay and to answer any questions you may have. We're happy to hear from you at any point however, so always contact us if you have any issues.

Becoming part of the scenery.

While we may have over 60 locations around the UK, we go to great lengths to adopt a local approach when it comes to building your home. So when we provide you with the local specification, you can be confident it'll be a perfect fit for the area in terms of the style of architecture and choice of materials. We also incorporate local scenery such as trees and lakes, and work with ecologists to protect the landscape and biodiversity.

Always by your side.

Your safety will always be our priority, which is why we'll give you an exclusive emergency cover number when you move in which you can call in the unlikely event of a complete power failure, gas leak, water escape or severe drain blockage. And don't forget, when you buy a new home with us you'll benefit from our two-year Charles Church warranty, plus a ten-year insurance-backed warranty.

Welcome to Charles Church @ Haywood Village

Just a few minutes from the bustling seaside resort of Weston-super-Mare, Charles Church's range of 2, 3, & 4-bedroom homes enjoy an enviable position with picturesque views of the Mendip Hills.

Nestled on the outskirts of the town, residents can rest assured knowing that they're enjoying some of the very best of the Somerset countryside while remaining well-connected for everyday living. Just minutes away by car, Weston-super-Mare offers year-round entertainment from the renowned Grand Pier, iconic local beaches, and more, as well as a classic range of high-street chains and independent shops.

Further inland, families are spoilt for choice for days out with local gem the Helicopter Museum nearby, plus Wookey Hole, Cheddar Gorge, and Sandford Station Railway Heritage Centre just a short drive away. With the Mendip Hills on the doorstep, nature lovers can enjoy miles of walks, with hours of exploration.

Weston-super-Mare itself offers a wealth of amenities perfect for everyday life, including national retailers and independent shops, quintessentially English cafés and pubs, and local restaurants to explore. In the town centre, the Sovereign Centre offers a wide variety of independent boutiques and high street favourites offering everyday amenities and more.

For families, Haywood Village offers its own Outstanding-rated Academy for Pre-School to Year 6, with the Hans Price Academy a few minutes away. There's an abundance of local amenities just a short drive away, including doctor's surgeries, and local supermarkets to meet residents' everyday needs.

Always in reach

Haywood Village is well-placed for commuters with its proximity to the M5, allowing easy access to Taunton, Bristol, and Exeter. By rail, residents can enjoy convenient access to the entirety of the South West with a reach extending to many major towns and cities, including Bristol, Cardiff and beyond, with London Paddington just over two hours away.

Approximate travel distance by car to:

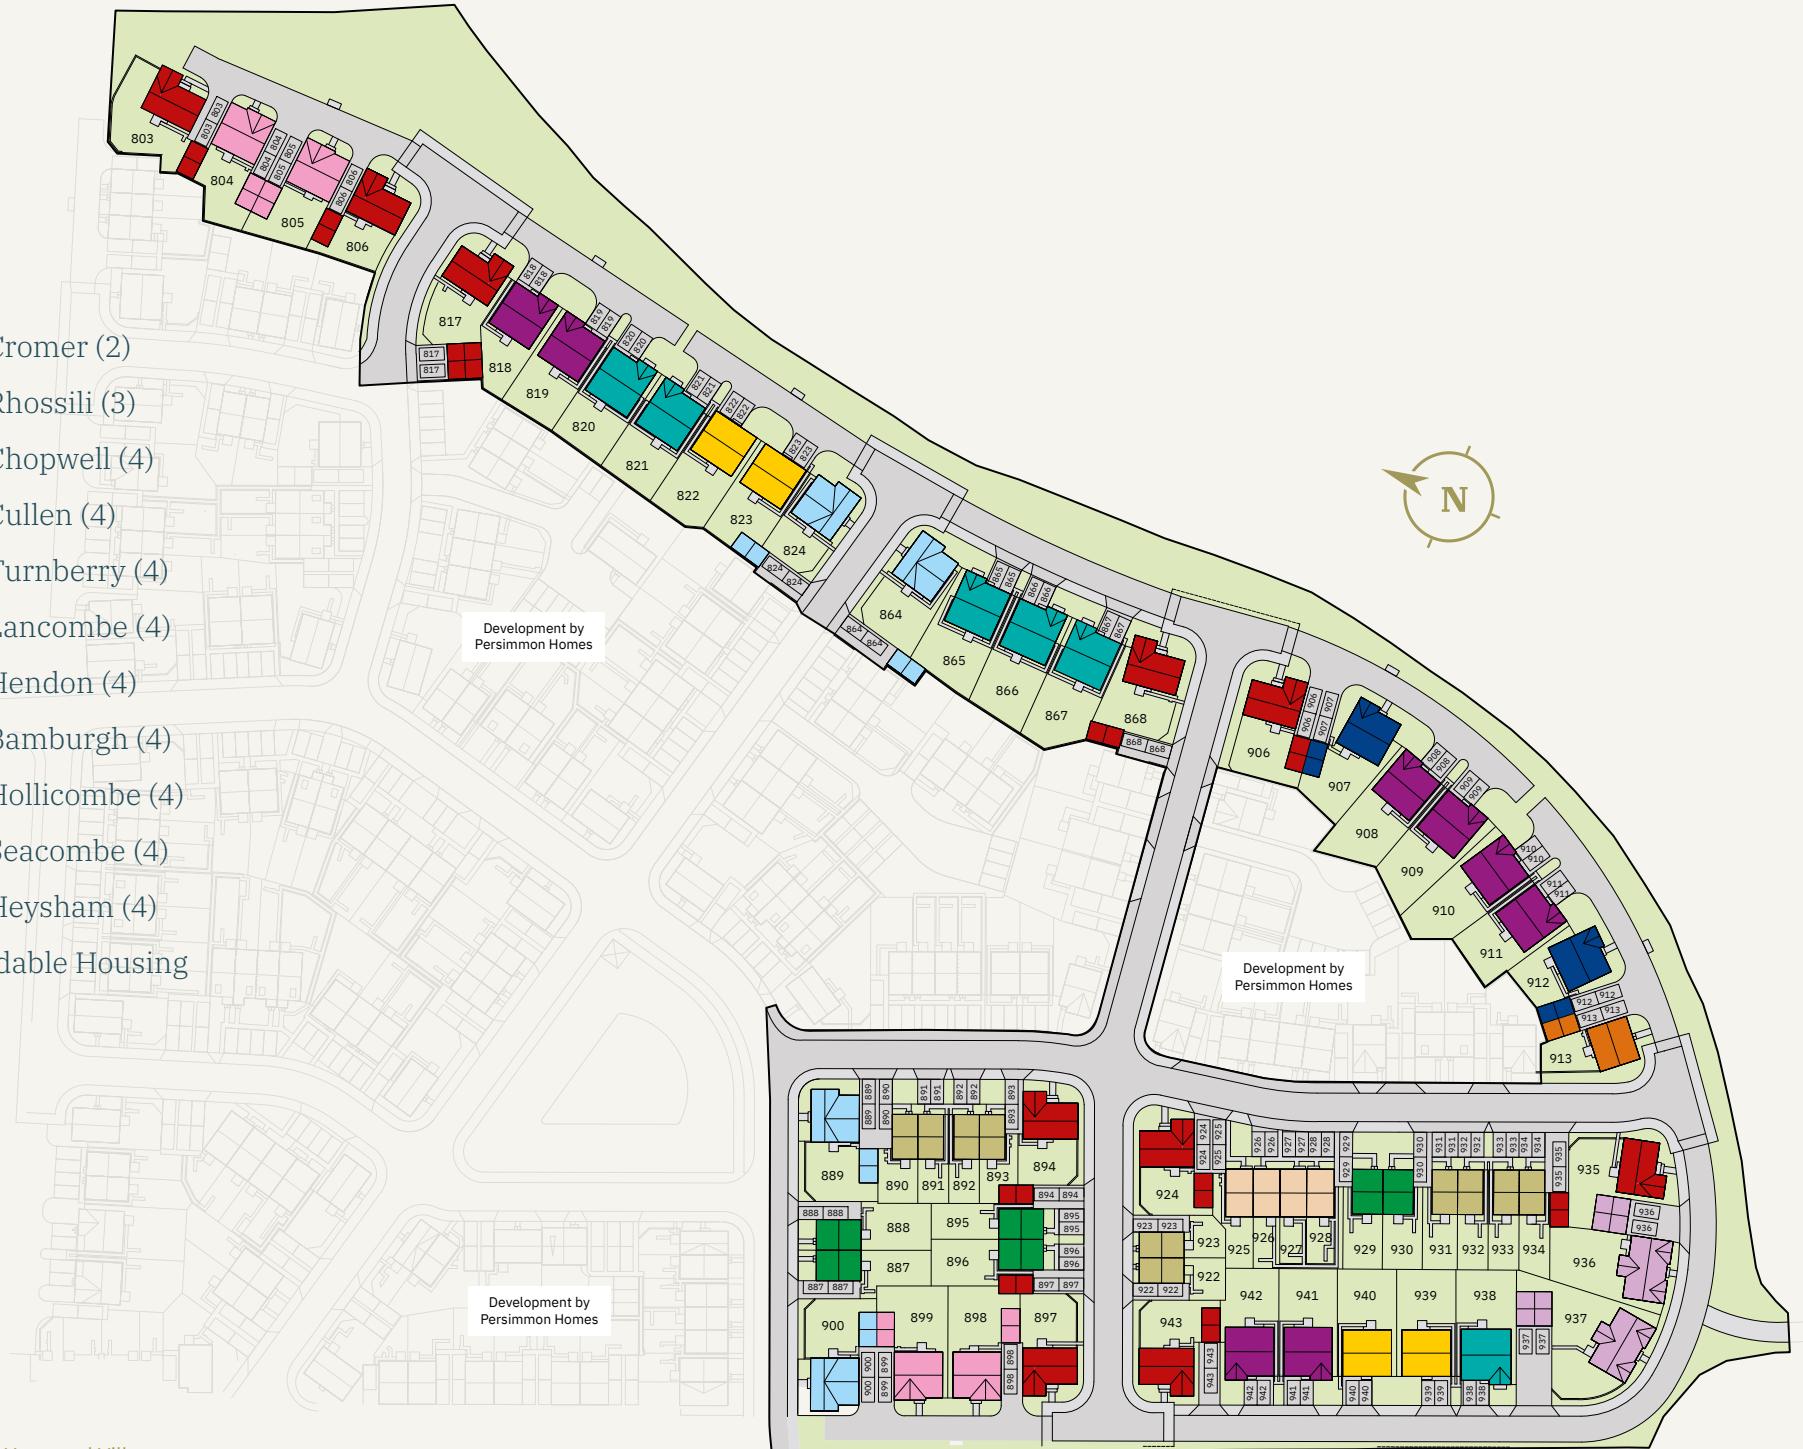

Weston-super-Mare train station:	2.3 miles
Mendip Hills:	8.4 miles
Bristol Airport:	13.4 miles
Bristol:	32.5 miles

CHARLES CHURCH

*Unmistakable
quality and style*

“
We've actively enhanced biodiversity at Haywood Village.”

Proud to be building communities.

When creating Charles Church @ Haywood Village, not only did we create a lovely local environment for you and your family, we also contributed to the wider community.

Throughout the development process, we proactively engage with local communities and work closely with planning authorities. Charles Church @ Haywood Village has achieved the right balance of homes and open space and the right mix of house types for a thriving community.

We also include much-needed homes for our Housing Association partners. Our plan enhances local facilities too, providing investment in local infrastructure such as transport, education, retail and recreation facilities, as well as initiatives to generate biodiversity.

Education

Delivery of a 2 form entry primary school including early years provision.

Financial contribution for 'Weston Village Education' which includes a variety of services, from early years through to secondary education as well as special educational needs and children's centre services. (£6,986,823).

Community Facility

Financial contribution to health facilities (£713,747).

Community access to services contribution (£50,000).

Open space

Provision of a variety of open space and play areas (landscaped areas of play, local equipped areas of play) within the development parcels.

Provision of community sport facilities including a MUGA, all-weather pitch, grassed pitch, clubhouse and changing facilities.

Transport

Contribution towards the upgrade of local highways network, including West Wick Airport & Drove Road roundabout, Queensway junction, M5 J21, Winterstoke Road and Broadway, The Airfield Bridge Link (£1,439,238).

Bus service contribution (£500,000).

Off site public right of way and cycle path connections (£18,269).

Weston village strategic flood solution

Delivery of attenuation features and wetland area within the wider development scheme.

The scheme includes several ecological benefits as well as taking the development out of flood plain.

Top 10 reasons to buy a new home

1 Save money on bills.

New homes are more efficient — cost-effective heating systems, insulation and double glazed windows and doors mean more pounds in your pocket from day one.

2 More time, money and freedom.

With less time-consuming maintenance or repairs to do at weekends you'll have the freedom and extra cash to enjoy your spare time doing the things you love best.

3 Everything's new.

From your efficient modern central heating system, through to secure windows and doors, you're making use of all the newest technology and the manufacturers' warranties that come with it.

4 Warranty.

All our new homes come with a two-year Charles Church defects warranty, plus a 10-year insurance backed new homes warranty.

5 Modern living.

New homes are designed to use every inch of the space as effectively as is possible. Research shows that 17 per cent of living space in older properties often goes unused.

6 Great incentives.

There's a range of offers and promotions that can make it easier for you to buy your dream property, including Part Exchange and Home Change.

7 A fresh start.

A new home offers you a completely blank canvas. Our homes come with fitted kitchens and bathrooms, and depending on the stage of build, you have a choice of fittings and finishes.

8 No chain.

Buying a new home limits the chance of being caught in a time consuming and often disappointment ridden chain.

9 Security.

New homes are far safer and more secure than older buildings as many include security locks, security lighting, smoke alarms, fire doors (where applicable), and fire retardant materials.

10 High spec living.

When you buy a new Charles Church home you can expect a brand new fitted kitchen, bathroom suite, and in some cases an additional en suite and dressing room.

Eco Range homes

New build homes are changing, and together, we're embracing the future.

Recent updates to the Government's Part L building regulations mean from June 2023 our new Charles Church Eco Range homes will have a reduction of 31% in carbon emissions. This means a warmer, more energy-efficient home for you, and the really cosy feeling of knowing it's better for the environment.

When compared to a Victorian-built equivalent, savings could be up to £31,640.
The £6,730 saving is in comparison to a Persimmon home built to current building regulations (2013).

NB: not all homes will be built using timber frame technology.

[^]NB: Not all homes will have EV chargers, but they can be added from our Select Options range.

31% reduction in carbon emissions

Solar panels help boost your existing energy-efficient boiler using sustainable green energy. For full details of the number of solar panels (where applicable) and the location; please ask your sales advisor for details.

EV charging is a handy addition if you have an electric car, as you can charge it from the comfort of your own home. NB: Not all homes will have EV chargers as they're site and plot dependent. They can be added from our **Select Options** range.

Enhanced loft insulation is a huge cosy blanket that slows down the transfer of heat between your home and the outside world. It not only warms your home in the winter but keeps it cooler in the summer.

Waste water heat recovery ensures the waste water from the shower heats the incoming cold water as it goes up the pipe so that the boiler doesn't have to work as hard to heat it.

More thermally-efficient walls mean less heat escaping, so you aren't as dependent on central heating, and whatever heat is generated is kept in your home.

Our panelised off site-manufactured timber technology uses a unique, sustainable panel system which adds to the thermal efficiency of your home. *NB: not all homes will be built using timber frame technology.

Energy-efficient boilers use the latest technology to warm your already well-insulated home. The controls allow you to optimise your energy saving whilst keeping you comfortable.

A more thermally-efficient ground floor will mean you'll benefit from the additional insulation we're incorporating in the floor construction.

This means... a saving of up to £6,730* over the lifetime of a 25 year mortgage.
