2 Bedroom House - Mid Terrace located in Peterborough

This two-bedroom house in the heart of Fletton offers something genuinely different—a dedicated private office that's ready for whatever you need. Working from home? You've got a proper workspace with a door you can actually close. Planning ahead? The office comes with plumbing already installed, so converting it to an ensuite is straightforward when the time's right, or even a third bedroom!

The two bedrooms are generous and light-filled, while the modern interior means you can move straight in without any fuss. It's a home that works for how people actually live today, with the flexibility to adapt as your needs change.

Location-wise, Fletton delivers. Local shops, cafes, and parks are all within walking distance, while Peterborough city centre is close enough for an easy commute. You get the convenience of urban living without sacrificing the quieter, residential feel that makes this neighbourhood so popular.

This isn't your standard two-bed. The private office with conversion potential sets it apart, offering practical space now and smart options for later. Whether you're a professional needing a home office, a couple planning for the future, or someone who values adaptable living space, this property ticks the boxes.
