Introducing - Classic beauty, Contemporary style, Ultra-modern in design Condominiums

Distinctive turn of the century architecture draws inspiration from contemporary, classic modern urban trending neighborhoods to deliver timeless street character and superior curb appeal. Embraced by palm trees and natural fauna, these magnificent duplex feature traditional design and advanced construction systems with environmental enhancements

A luxury development of a duplex dwelling at Pedro Point is a unique residential home at highly sought after Beach Bay community Grand Cayman. Located in the end of Beach Bay Road a minute from the pristine private beach of Beach Bay cove. It offers all the benefits of lush tropical living 30 feet above sea level.

Perfectly located with the convenience of being out of town away from the hassle and bustle but close enough to get to work or play in minutes. It is but just minutes from the shops and services at Countryside shopping and Grand Harbor and only 17 minutes from George Town and the airport.

The proposed layout is a 3-bedrooms with 3 1/2 bathrooms with a large square footage of 2300 square feet including a carport, uncommonly spacious by Cayman Duplex condominium standards. Will sure to provide an escape from the noise and a tranquil get away

Site Development Plan

Duplex at Pedro Point consists of:

- Elegant multi-story residences with plenty of space, inside and out.
- Each one has three big bedrooms and three bathrooms and powder room - airy masters and beautifully appointed baths are the perfect place to start each day.
- Each home also features a private driveway, accommodating parking for two cars.
- And if it's outdoor space you want, there's definitely room to roam.
- The upper-story balconies on each bedroom are the perfect nook for sipping your morning coffee.
- On a clear day you might have a view of the ocean.
- Homes open up onto a wonderfully private gate community

Design and Style

Ultra-modern in design, the exteriors of this new condo development will surely be a showstopper within the Beach Bay neighborhood.

The community, complete with a mix of different textures and finishes as well as glass paneled stairs, balcony, with expansive windows welcome optimal sunlight into living spaces along with wood details throughout the façade as a touch of style and color.

This fabulous condo development will boast personal double parking, carport and plenty of space for other vehicles.

What's not to love about **Duplex at Pedro Point** "interior living"

inspired design that brings the outside in with clean, simple lines, airy open interiors flooded with natural light from skylight type and floor-to-ceiling windows.

Smartly laid out, our condos are designed for modern and relaxed living. Landscape design has been used to create lush and shady recreational spaces, which provide many options.

Take a swim at the private beach bay cove.

Duplex at Pedro Point is nature and eco-conscious, carefully designed to have minimal impact or disruption to the natural environment
