It's normally hard to see the wood from the trees in your hunt for the perfect home, but this is the property that bucks the trend! This breath taking home on the quiet Inglewood Grove is an absolute credit to the current owners, having been extended and lovingly updated from top to bottom. The dimensions are generous throughout, the plot is private from the rear, and just wait until you see the kitchen! The accommodation comprises an entrance porch, through entrance hall, living room with bay window, a second flexible reception room, which would make the perfect study / family room / gym or even fifth bedroom with a modern shower room off. Then to the rear of the property, spanning the full width and having the added benefit of a large single storey extension is that spectacular and modern family kitchen diner with underfloor heating and doors opening the room right up to the garden. There is also a utility room, whilst upstairs are four bedrooms (none of which are a typical box room) as well as a fabulous en-suite and super stylish family bathroom. Outside is equally as special, with a generous drive to the front, a garage, and a gate opens to a path leading down to the rear garden which is generous and laid mainly to lawn with mature borders and a patio accessed off the kitchen. This truly is a stunner, so don't miss out and be sure to book in an early viewing!
