Description

A block of permanent grassland and native deciduous woodland situated immediately west of the hamlet of Garnett Bridge, extending in total to about 51.66 acres (20.90 ha).

The land is accessed directly off the publicly maintained, Garbett Bridge Road, via two field gates along the eastern boundary of the property.

The land extends to about 51.66 acres in total, comprising 44.28 acres of permanent pasture, 2.54 acres of un-grazable scrub, 4.80 acres of amenity woodland and 0.03 acres associated with a sheep handling facility. The land is classified as Grade 4 with freely draining, slightly acidic, loam soils suitable for livestock grazing. It is divided into twelve field parcels which are bound by stone walls that require refurbishment in areas to remain stockproof. The land is generally southeast facing,

gently undulating and lying between 125m and 195m above sea level with natural water sources for livestock.

The land is currently occupied on an annual grazing licence to a neighbouring farmer that terminates in March 2026.
