A load off your mind...

Ben Bailey Homes wants to make the whole process of moving into one of our homes as stress free and affordable as possible, and thanks to our fantastic new range of standard features, fixtures and fittings, it's now easier than ever.

LABC Warranty

LABC Warranty provides structural warranties to protect you, the homeowner. Having arranged warranties since 2007, LABC has become the warranty provider of choice for some of the country's leading developers.

We can help to sell your existing home...

Ben Bailey Homes offer a scheme called the Guaranteed Valuation Scheme. It's very straight forward and is designed to help find a buyer for your existing home and enable a quick, hassle-free move to a new, superb Ben Bailey home.

Here's how it works:

We will arrange for a valuation on your existing home via an independent local estate agent. The valuation figure is based on achieving an acceptable offer for your home within the 8 week reservation period.

Our Sales Executive will discuss the agreed figure with you and if you are happy to market your existing home at the agreed price, you can reserve the Ben Bailey home of your choice and we will place your existing property on the open market. Ben Bailey will pay your estate agents fees and the cost of advertising your existing home to a maximum of £1000.

You can now relax knowing that if you receive an acceptable offer on your property (agreed with Ben Bailey) which is lower than the guaranteed valuation, Ben Bailey will make up the difference.

example

We agree that the **guaranteed valuation** of your property is, let's say, **£180,000** and you receive an offer on your existing home of **£175,000**. You can accept the offer of £175,000 in the knowledge that **Ben Bailey will make up the difference by £5,000**. If, of course, you receive an offer higher than the **guaranteed valuation** figure, you will receive the full amount.

To find out more about this scheme please contact our Sales Executive about your home.
