Living Room

A large, comfortable dark grey sofa and a matching armchair are arranged around a dark wood coffee table with a metal frame. The sofa is adorned with several decorative pillows in various patterns, including stripes and florals. A small side table with a lamp is positioned near the sofa. The room features a high ceiling with white wooden beams and a large window with white shutters on the right side.

Kitchen and Dining Area

A dark wood kitchen island with a light-colored countertop serves as a dining bar. Two stools with black frames and wooden seats are tucked under the island. In the background, a stainless steel refrigerator stands next to a wooden cabinet. A doorway leads to a bedroom. The room has a warm, tropical feel with light-colored walls and a large window with white shutters.

FEATURES & FINISHES

The homes in the Gates of Edgehill showcase stunning features such as quartz countertops in the open concept kitchen; glass showers, quartz countertops with porcelain undermount sinks, and brushed nickel faucets in the luxurious bathrooms. Poured concrete walls and high cathedral ceilings with exposed rafters and a modern, open floor plan are enhanced by smart features such as a solar water heater with electrical backup; ceiling fans in the living room, dining room and all bedrooms; and further solar panel and air conditioning options available as upgrades.

ENRICHING OUR COMMUNITY THE BOSCOBEL INFANT SCHOOL PROGRAM

We've always believed in supporting the communities our developments are built in. After all, we are members of those communities too. And what better way is there to give back to a community than by improving the lives of its children? This is why Edgehill Homes proudly donated 100% of the cost to build a kindergarten next to the primary school just 3 km from the Gates of Edgehill, and ensured that annual donations to support the school will continue, stewarded by Food For The Poor Jamaica. Residents are welcome to volunteer their support (though they are in no way obligated) to the Boscobel Infant School Project, and to take pride in knowing that by choosing the Gates of Edgehill they are helping to create a better future for Jamaica.

Edgehill Homes is responsible for the development of, as well as the conception, planning and negotiation for the Gates of Edgehill. Dedicated to the enhancement of the Parish of St. Mary, Edgehill Homes is proud to participate in the creation of a community that enhances the area.

Morrison Financial is one of Canada's longest standing private finance firms, and is responsible for financing the Gates of Edgehill project. With roots in traditional asset based lending, they have expanded into several different areas, becoming one of the largest and most diverse private financiers in Canada. They believe in providing more than just capital; their financing and investment approach is disciplined and prudent, but flexible in terms of providing creative solutions for clients.
