A rare and exciting opportunity to acquire a fantastic package comprising two decrofted building plots and additional croft land in the stunning coastal setting of Mallaig. Offering spectacular waterfront views and endless potential, this is an exceptional chance to create a bespoke home or develop a lucrative investment in one of Scotland's most sought-after locations.

The first plot extends to approximately 0.45 acres and previously benefitted from planning permission for a detached dwelling (Ref: 20/03026/PIP). While this permission has now lapsed, the opportunity to reapply allows for the chance to bring a dream home or development project to life. With breathtaking sea views and a peaceful setting, this plot offers the perfect foundation for a stunning coastal retreat.

The second plot, measuring around 0.4 acres, also holds significant potential for development (Ref: 20/03026/PIP). Whether for a private residence, a holiday home, or a commercial venture, both plots provide a unique opportunity to embrace the beauty of the West Coast.

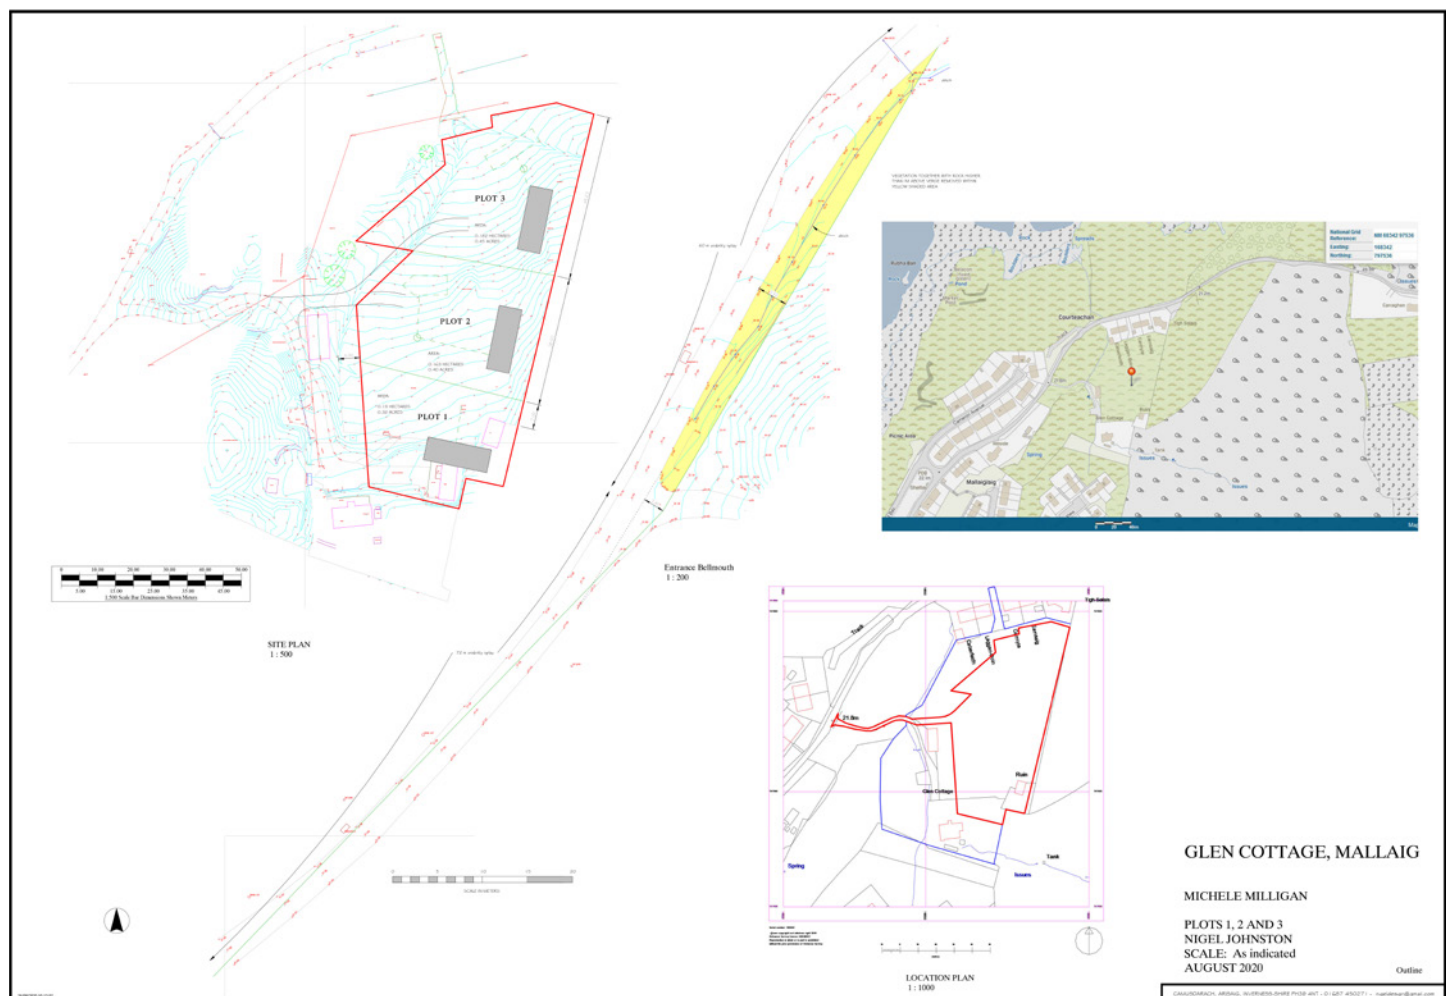

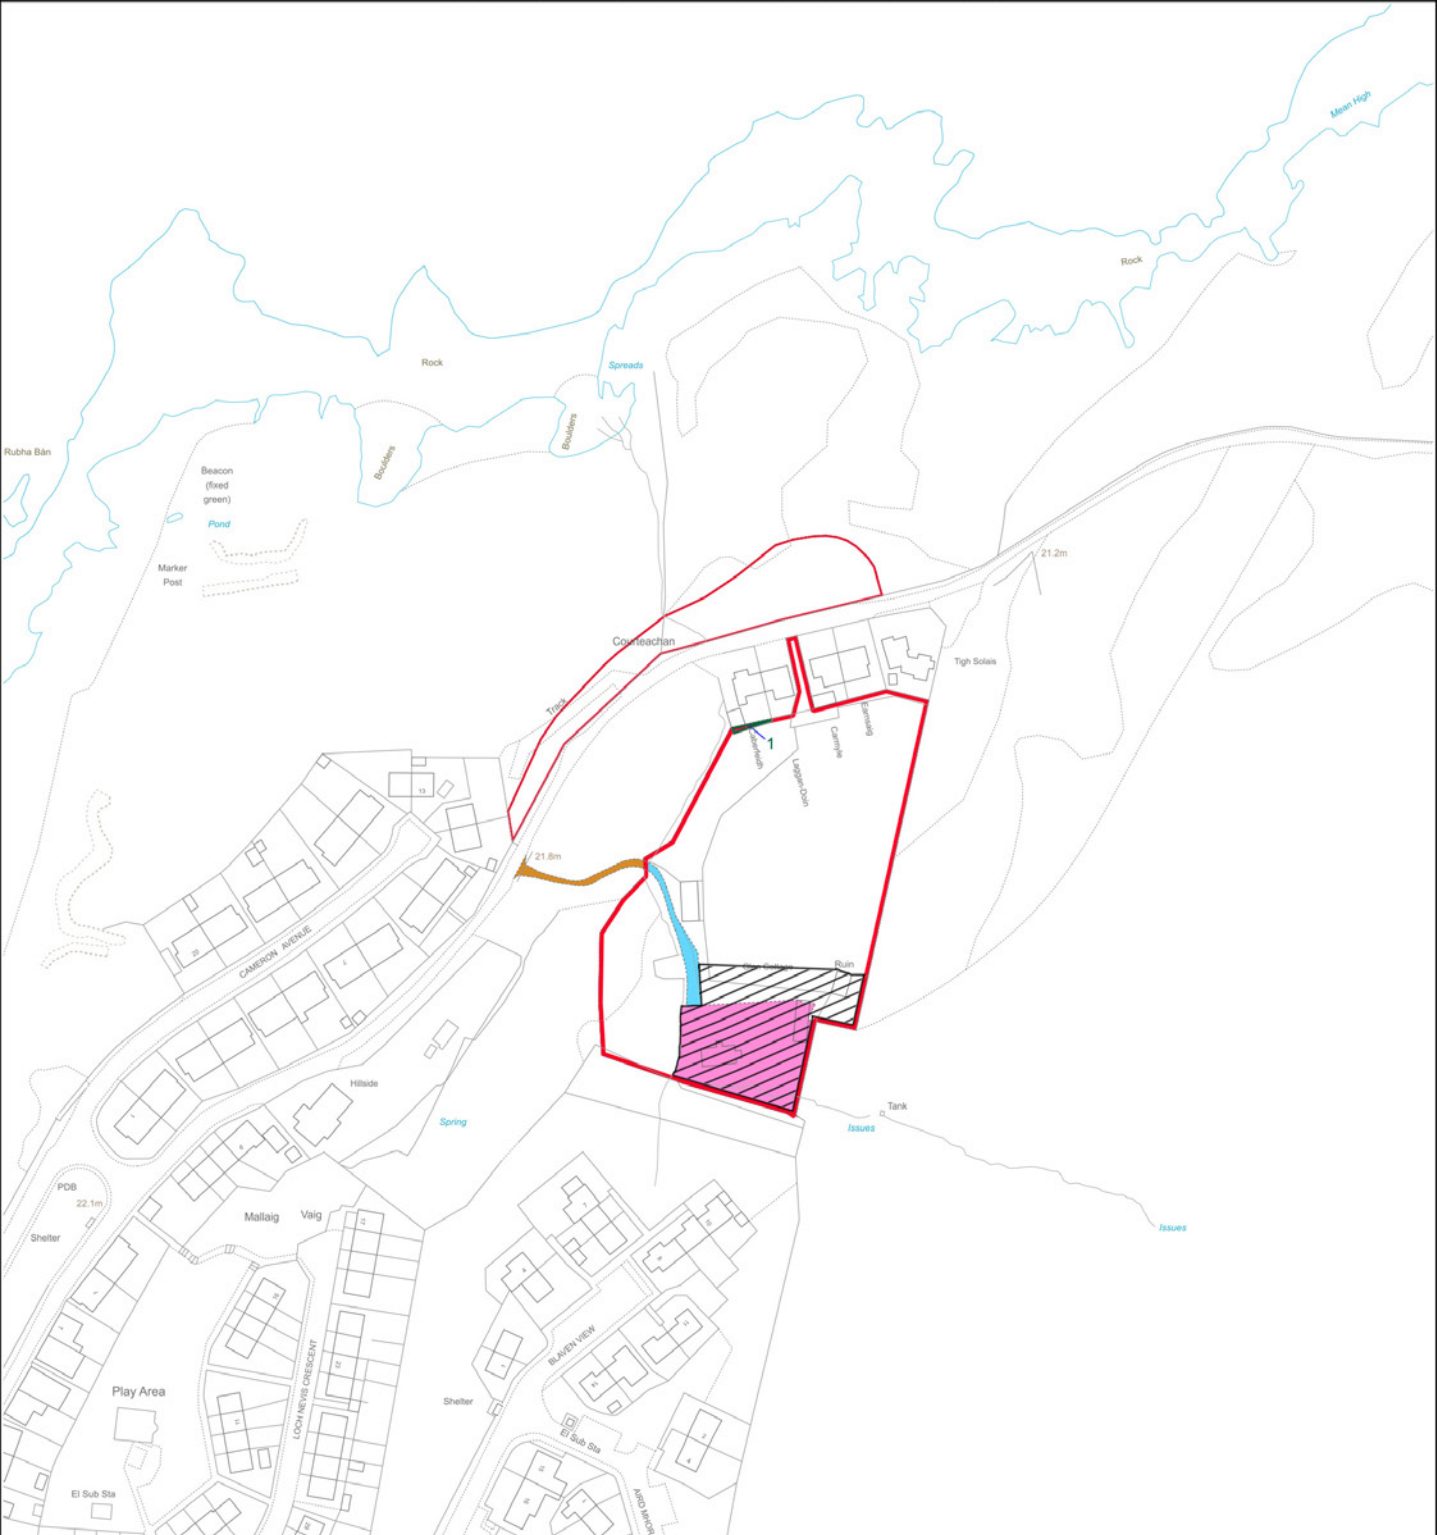

Beyond residential purposes, the plots offer immense business potential. With Mallaig and Morar being key tourism destinations along the famous Road to the Isles, the demand for holiday accommodations remains strong. There is a fantastic opportunity to develop holiday lodges, chalets, or self-catering properties to cater to the growing influx of visitors seeking an authentic Highland experience. The plots' strategic location makes them ideal for capitalising on the region's thriving tourism industry.

Additionally, the owner is including a portion of land on the waterfront side of the road, which further enhances the appeal of the package.

This is a truly special opportunity to secure a prime piece of land in a breathtaking location, whether for a dream home, investment project, or tourism venture. Don't miss the chance to turn this incredible setting into a reality.
