

Beaufort Park is a collection of 46 one and two-bedroom, shared-ownership apartments in the heart of Colindale. Three different layouts offer choice and versatility, with each home benefiting from a smart specification, a private balcony and access to a landscaped courtyard garden. Onsite parking and cycle storage are complemented by a short walk to Colindale Tube station.

Beaufort Park is where people, placemaking and businesses come together in a practical, harmonious way. The choice of properties, development layout, shared spaces and on-site facilities foster a warm community spirit and create a thriving new neighbourhood. Integrated within Beaufort Park is a strong infrastructure that supports everyday living. Restaurants, pubs and shops are joined by a dentist, a hairdresser, a nursery, Middlesex University and the Driving Standards Agency. The development is also well served by bus routes and is less than a mile from Colindale Tube station. Despite its city location, Beaufort Park provides exceptional opportunities to relax and socialise in the natural environment, with a residents' concert an annual highlight. The 25-acre site encompasses a landscaped park with a central square and bandstand, play areas, a series of continental-style courtyards and manicured gardens.

Families looking for educational excellence will be reassured that standards in Colindale are high. Ten schools within a mile of Beaufort Park are rated 'Good' or 'Outstanding' by Ofsted, representing the state, selective, faith and independent sectors.

Shared Ownership Information

Shared ownership is a part buy part rent property which we are selling on behalf of Origin Housing
You purchase a share with the help of a mortgage based on affordability and the minimum share being sold.

Open Market Value: £395,000
25% Shared Ownership: £98,750
Rent: £680.00pcm
Service Charge: £208.74pcm

Affordability checks will be carried out prior to viewing, please email us and we will pass your details over the Origin Housing

How does Shared Ownership work?

If you bought a home on the open market, you would agree a purchase price through an estate agent. Then you would take out a mortgage to cover the total purchase price of the property minus any deposit you might have available.
With Shared Ownership, the price of the property is fixed at the open market value, as assessed by a qualified valuer. You borrow just enough to cover the share you are buying. This is referred to as equity share.

The equity share amount will be an amount that you can afford, as set out under government guidelines. The total monthly cost of the rent, plus your mortgage, will be lower than the monthly cost if you bought the property outright with a mortgage.

For legal reasons, while you are only buying a part-share of the property, you will have a leasehold interest. However, you may buy further shares. This is called 'staircasing', and may eventually progress to outright ownership.
