A spacious room featuring two uPVC double glazed windows to the side, allowing for ample natural light. Includes two panelled radiators with grills and thermostatic controls for individual climate management. Access to loft space is also available, offering potential for additional storage.

### Family Bathroom

11'5" x 8'5" (3.49m x 2.58m)

Featuring wood grain effect vinyl flooring, this bathroom offers a

classic yet practical design. The centerpiece is a roll-top bath on Queen Anne legs, fitted with a chrome mixer shower tap. There is a low-level WC and a pedestal wash hand basin with a tiled splashback for easy maintenance. A uPVC double glazed window to the side provides natural light and ventilation. Additional amenities include a separate shower cubicle with a Myra Sport power shower, a wall-mounted chrome ladder towel radiator, and a further panel radiator with grills and thermostatic control for comfort. The room is well-lit with LED downlighting and benefits from an extractor fan to maintain fresh air.

### Master Bedroom Four

17'2" x 12'8" (5.25m x 3.88m)

Two-panelled radiators with grills, thermostatically controlled. A uPVC double-glazed window to the side provides ample natural light. The room also features a wall-mounted air conditioning unit for added comfort. uPVC double-glazed double doors lead out to a rear Juliet balcony with a galvanised balustrade, overlooking the extended gardens and grounds with views across Hugdon.

### En-suite

10'11" x 12'7" (max) (3.35m x 3.86m (max))

Roll-top bath with elegant Queen Anne legs, fitted with a chrome and brass mixer shower tap. The wash hand basin is set within a vanity unit featuring matte blue door fronts. A thermostatically controlled panelled radiator with grills ensures comfort. The bathroom also includes a close-coupled economy flush WC and a shower cubicle equipped with a Myra Sport power shower.

Natural light streams in through uPVC double-glazed windows to the side and rear, offering views over the garden, grounds, and Hugdon. The floor is finished with wood grain effect vinyl flooring for durability and style.

Additional storage is provided by a built-in wardrobe and linen cupboard with double mirrored doors and storage cupboards above. LED downlighting illuminates the space, complemented by an extractor fan for ventilation.

### Externally

The property is accessed via double galvanised gates, opening onto a brick-paved parking and turning area to the side.

Additionally, there is a separate gravelled parking space, ideal for a caravan or camper van. The driveway continues to lead up to a detached, traditionally constructed cavity brick garage.

The property is heated by an oil-fired central heating system. At the front, a concrete pathway leads through a garden bordered by a traditional stone wall along the roadside. To the right-hand side, there is a tiered garden area—mostly laid to lawn—with the air conditioning and air source heat pump units positioned discreetly nearby.

This significantly extended, detached, double-fronted house stands within approximately 0.9 acres, featuring large gardens and grounds, with additional land extending beyond the lawned areas.

### Garage

13'2" internally x 19'7" (4.02m internally x 5.97m)

The garage features a roller shutter door with space for four vehicles, alongside a uPVC pedestrian side entrance door. There are uPVC double-glazed windows to both the side and rear, allowing natural light inside. Power and lighting are also installed in the garage for convenience.
