SHARED OWNERSHIP & DO I QUALIFY?

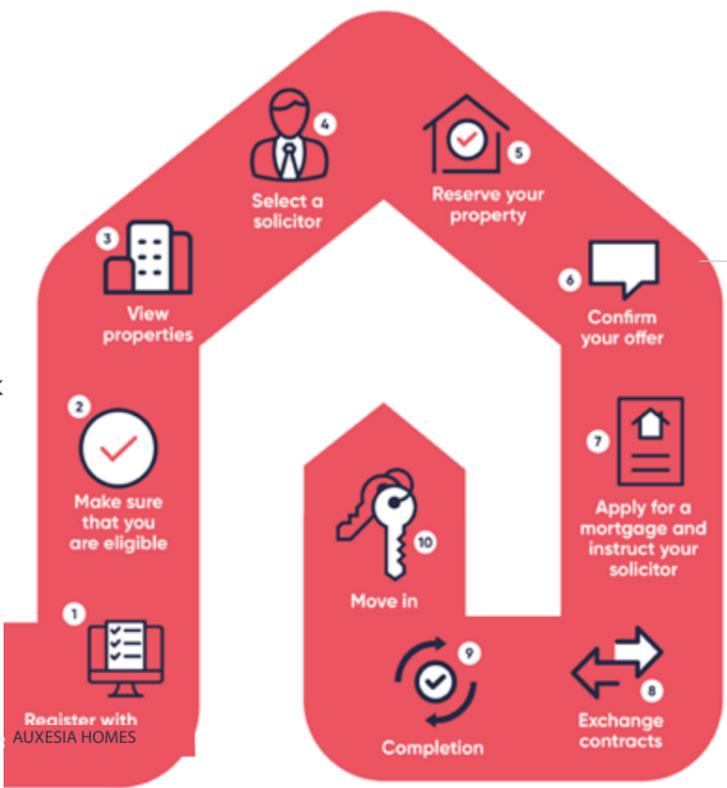

Shared Ownership offers an affordable way to buy your own home. You purchase a share of the property (typically between 25% and 75%) and pay rent on the remaining share. This allows you to buy with a smaller deposit and mortgage than purchasing outright. Over time, you can increase your share in the property through a process known as 'staircasing' until you own 100% of your home.

This scheme is ideal for first-time buyers, key workers, or those looking to get back on the property ladder. It offers flexibility and security while making homeownership more achievable.
