## SUMMARY

A rural retreat located near Castle Combe. This unique character home is a former Listed Chapel converted to an excellent high specification. With off road parking and lawned garden.

This unique period character home offers a secluded rural retreat located near the famous and highly desirable village of Castle Combe. Grade II Listed, the property has an interesting history constructed in the 19th Century as a malthouse before being converted into a congregational chapel in 1914. Most recently the chapel was sympathetically converted into a residential home retaining much of its charming character including sash windows and exposed oak beams, while the accommodation has been finished to a superb specification boasting underfloor heating throughout the ground floor.

Deceptive in size, the property extends to around 1,700 sq.ft. arranged over two floors. The ground floor layout includes a predominately open plan arrangement incorporating a reception room and kitchen with a large breakfast bar and integrated appliances. To the side, there is an additional reception room with convenient access in from the parking area. There is a bedroom located on the ground floor complete with an en-suite shower room whilst upstairs there are two further bedrooms, a family bathroom and another en-suite shower room.

A gravelled driveway provides parking for 2 cars and a newly instated lawned garden with patio area offers a private area to enjoy outside.
