We are committed to choosing sites that offer something different. Sites with more established settings and character, creating a place for your perfect home.

Architecture and Design

We are privileged to work with a talented design team to create our homes. Their talent gives every one of our developments its own unique characteristics.

The design team works tirelessly to make sure every detail is right. Indeed it's this meticulous attention to detail which sets us apart from others.

External Materials

From the facing bricks to the roof finishes, the external material palette has been carefully selected to create its own style and character.

Interior Design and Choice

Our talented and passionate interior design team continually scour the world for emerging trends, materials and techniques to create dream homes to suit all tastes. Of course not everyone's taste is the same, which is why Homes by Carlton will give you as much choice as possible provided you reserve your home at an early enough stage in the development.

Landscaping

We think the exterior spaces of your home are just as important as the interiors - they complement the character of the house and provide a spectacular backdrop to your new lifestyle. We won't leave you to your own devices with your landscaping as many other housebuilders do. All of our homes feature turfed rear gardens and fully landscaped front garden, expertly prepared and ready when you move in.

Homes by Carlton Customer Care

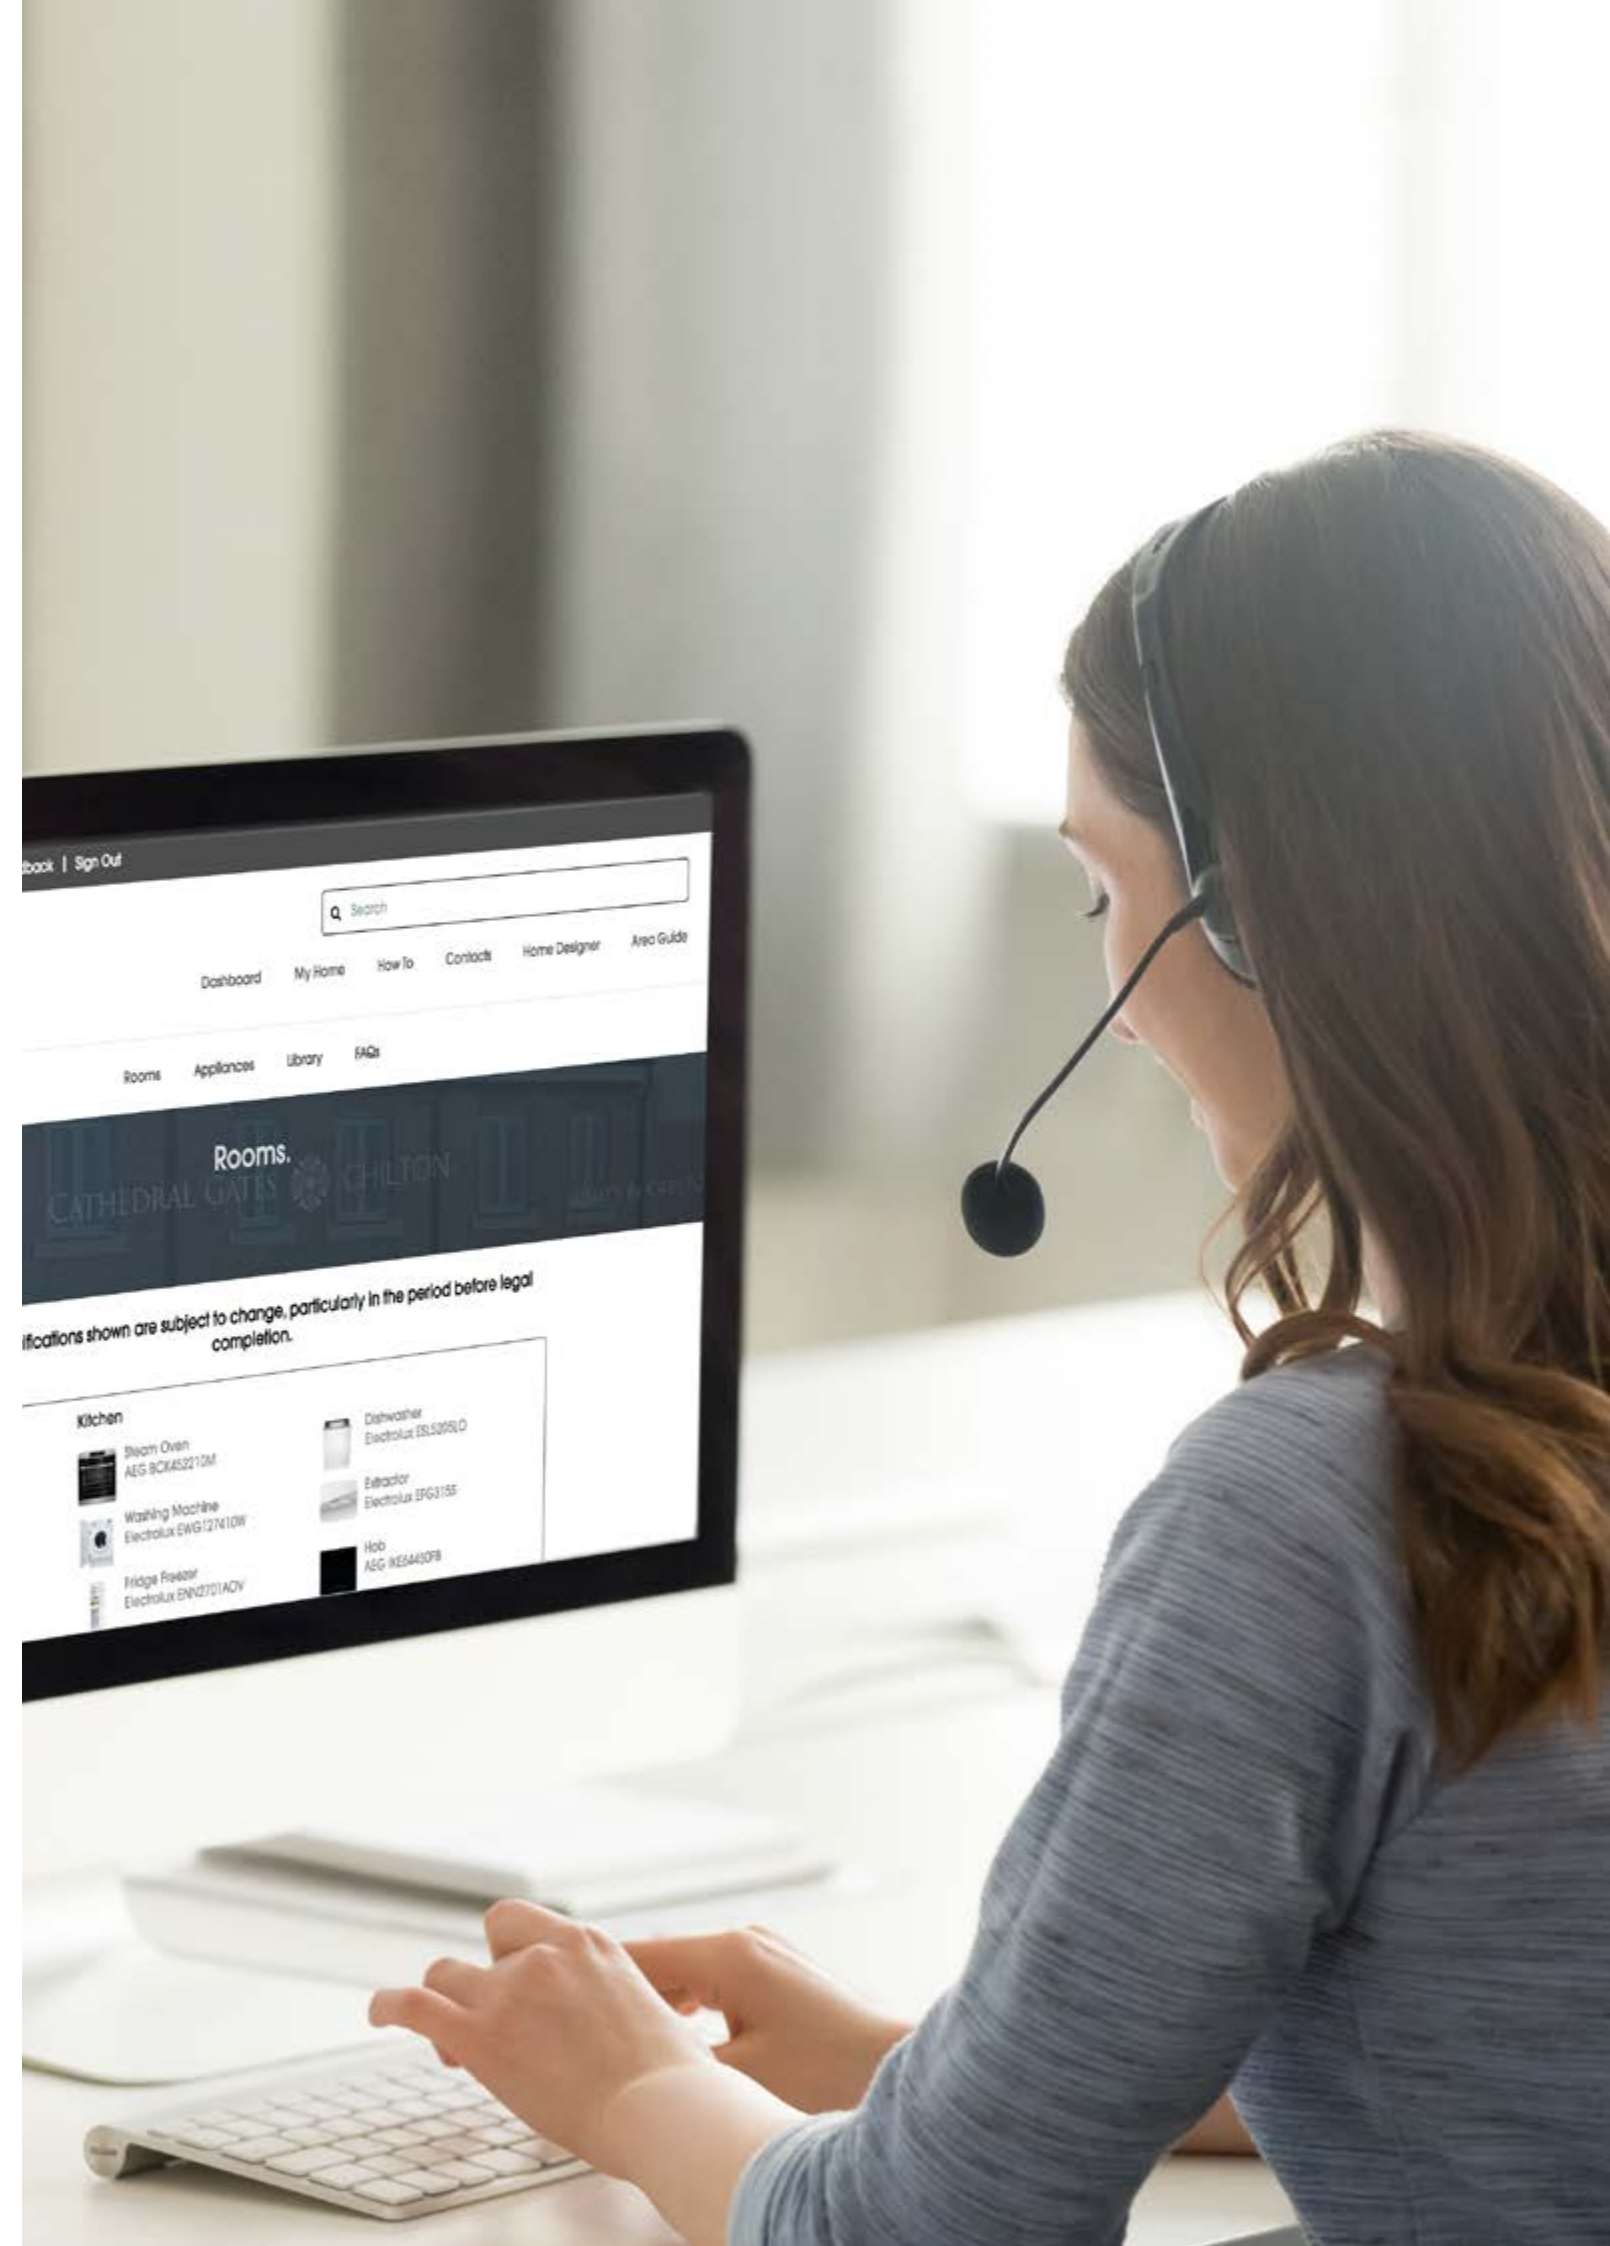

From the initial build of your home through to post-handover customer care, the entire Homes by Carlton team are dedicated to delivering a service that's second-to-none.

Your Sales Manager will be around to answer questions both before and after move-in day, and your Site Manager will provide a detailed Home Demonstration to help you get to know your home and how to take care of it.

Once you're settled in, our Customer Care Team will be on-hand to ensure everything continues to go smoothly. And in the unlikely event there are any issues with your new home, rest assured we'll be there to help*.

*Please be aware that certain defects are not covered under the Homes by Carlton warranty. Details of what is covered will be provided in your Home Maintenance and Customer Care Guide.

Our story

The Carlton Group of companies was founded almost 20 years ago and established a reputation for building high quality homes in the North East and Yorkshire.

We are now focusing our attention on more traditional family homes, drawing on the wealth of experience and expertise gained in the bespoke end of the housing market. The team are bringing a new level of style and sophistication to a much wider, but equally discerning client.

We pride ourselves on our ability to deliver levels of service and quality which is second to none within our industry.

Every home we build is treated as if it was for our own occupation. Working alongside our award-winning design team we spend hours carefully revising design details until they're just right.
