PROPERTY DESCRIPTION

Millerson Estate Agents are proud to unveil Phone Box Barn, a breath-taking reverse-level barn conversion that embodies the very best of modern rural living. Painstakingly designed by a renowned architect and finished to the highest standards, this striking residence blends timeless character with contemporary sophistication. Set in a commanding position on the fringe of a peaceful hamlet near St Issey, the property enjoys sweeping countryside views that stretch for miles, a setting that is as peaceful as it is inspiring.

From the moment you arrive, Phone Box Barn exudes style and presence. It's considered design maximises light, space, and outlook, while every detail has been carefully curated to deliver a home of rare distinction. Stepping into the entrance hall, a sense of calm sophistication takes hold. The ground floor reveals two spacious double bedrooms, a beautifully appointed family bathroom, and, most impressively, a fully self-contained annexe. Designed with flexibility in mind, this private retreat boasts its own bespoke kitchen with integrated appliances, a chic shower room, and a serene double bedroom, perfect for visiting family, independent living, or creating a lucrative income stream.

Rising up the handcrafted oak staircase, the first floor is nothing short of spectacular. The open plan living, dining, and kitchen space has been crafted as the true heart of the home, a place where everyday moments feel extraordinary.

Dramatic Velux windows and a striking picture window flood the room with natural light, while framing the rolling landscape beyond like a piece of living art. At the centre lies a sleek kitchen island with integrated induction hob, surrounded by an abundance of bespoke cabinetry and topped with luxurious marble worktops. Integrated appliances blend seamlessly into the design, ensuring both beauty and practicality. The dining area flows effortlessly into a spacious lounge, anchored by a statement log burner that radiates warmth and style. It is a space as perfect for family evenings as it is for grand entertaining.

Outdoors, the lifestyle continues. The landscaped rear garden has been designed for both relaxation and play. The lower terrace, laid in smooth slate, is a natural setting for summer dining or sunset drinks, while the raised lawn provides an open and versatile space for children, pets, or simply enjoying the countryside air. Practicality is never compromised, with off-road parking for two cars directly behind the property.

An air source heat pump provides efficient underfloor heating across both levels, creating an effortlessly cosy environment while keeping energy costs low. With mains water, private drainage, and the reassurance of a 10-year warranty (with nine years remaining), this property offers peace of mind as well as indulgence.

LOCATION

Nestled just inland from Cornwall's stunning north coast, St Issey is a quintessential Cornish village brimming with charm and character. Surrounded by rolling countryside and only a short drive from the world-renowned harbour town of Padstow, St Issey offers the perfect blend of rural tranquillity and coastal convenience. The village itself is home to a welcoming community, a beautiful parish church, and a choice of traditional inns serving excellent food and local ales. Scenic footpaths meander through the countryside and along the nearby Camel Trail, making it a haven for walkers and cyclists alike. With golden beaches, acclaimed restaurants, and vibrant coastal towns all within easy reach, St Issey is a location that captures the very best of Cornwall.

THE ACCOMMODATION COMPRISES

(all measurements are approximate)

An air source heat pump provides efficient underfloor heating across both levels, creating an effortlessly cosy environment while keeping energy costs low. With mains water, private drainage, and the reassurance of a 10-year warranty (with nine years remaining).

VENDOR'S NOTE

Phone Box Barn

A superb contemporary family home, I built my home on the site of an old farm and I wished to retain a rural but contemporary building. I employed the services of an award winning Architectural Technologist in Cornwall.

The property is a welcoming home with an abundance of features, a large open living space where people and family gather spontaneously.

A modern wood burner for ambience, underfloor heating provided by up to date greener air source heating solution.

The rooms are large and spacious with two bathrooms

The property has a separate annexe to entertain friends and family with its own en suite and living space.

For the nature lover Phone Box Barn is situated in open countryside with uninterrupted views and wonderful walks including the historic Saints way on the doorstep.

There are two parking spaces.

Trenance is a lovely small Cornish hamlet but within easy access to Wadebridge and Padstow's beautiful seven bays

There are several restaurants and pubs within an easy walk. The internet is super fast fibre so no problem for working from home.

Sadly I built my dream home but due to family and work reasons I need to relocate to London.
