GWEL
TREBARWITH
NEWQUAY

BORN IN CORNWALL

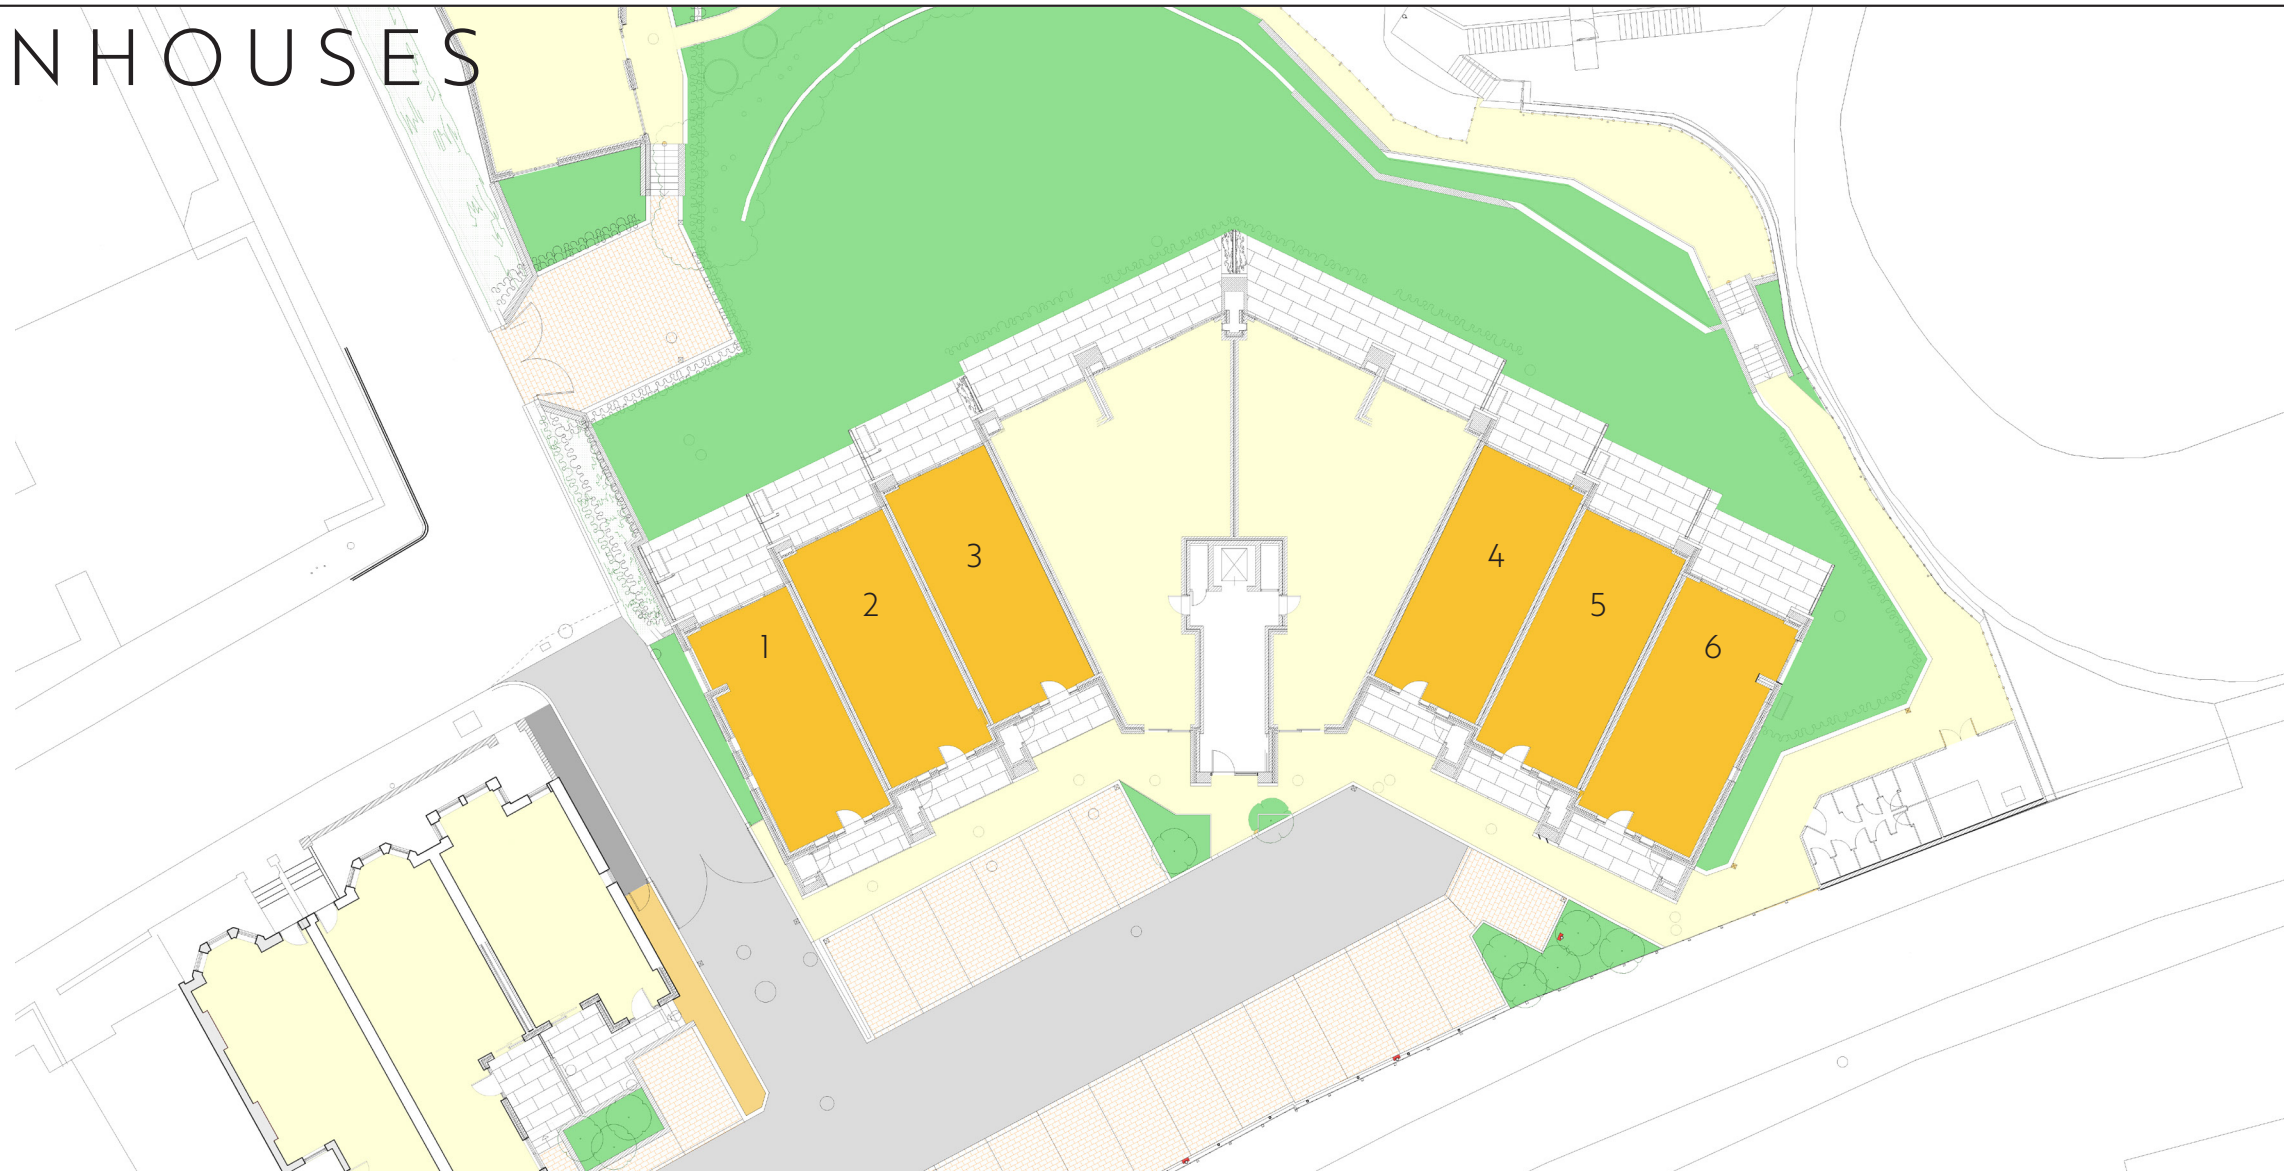

In the heart of Cornwall's most popular seaside town, we have created a new kind of peace. An unforgettable location with staggering views. A curated sensory experience of everything we love most about Newquay.

A slice of heaven awaits the intrepid. With its own beach access incorporating private steps to the sand, carved into the granite bedrock, this is your chance to own a piece of a landmark Cornish view.

A commanding location above Great Western beach sit 19 luxurious clifftop properties boasting sensational views across the inspirational coastline. Rugged landscapes are enjoyed effortlessly while listening to the rustle of the palms and breaking waves beneath, all from within the refined comfort of your home.

OUR HOMES TOWNHOUSES

Discover the epitome of luxury living with our selection of townhouses thoughtfully crafted to accommodate your unique lifestyle preferences. Nestled alongside the central apartment core, these exquisite three and four storey arrangements seamlessly merge elegance with practicality.

Exuding flexibility at its core, our townhouses offer an array of layouts and sizes, precisely tailored to suit your individual needs. Choose from three to five bedrooms, complemented by three or four bathrooms (depending on house type) – empowering you to curate your dream abode, precisely as you envision it.

Embrace a life of blissful relaxation and outdoor rejuvenation, as the inviting balconies on both front and rear elevations beckon you to bask in the warm glow of the sun or indulge in captivating views of the serene seaside panorama. Immerse yourself in a world teeming with captivating human activity and the breathtaking beauty of natural surroundings.

Designed with ingenuity and aesthetics in mind, our townhouses benefit from an innovative 'upside down' arrangement, enabling you to relish panoramic vistas throughout. The top floor boasts a seamlessly connected open-plan

kitchen, dining, and living area, affording you the most awe-inspiring views, extending from the pristine beach to the enchanting Trevoze Head.

At the heart of our townhouses lies a commitment to sustainability and environmental responsibility. Experience a genuinely welcoming and eco-conscious atmosphere, courtesy of the Air Source Heat Pump that efficiently heats every corner of your home. This cutting-edge system provides both zonal control and individual programmability for each room, while ensuring the elimination of carbon dioxide and other harmful emissions.

Moreover, your well-being is of utmost importance to us. Rest assured that the air you breathe is continually refreshed and purified around the clock, thanks to our Mechanical Ventilation Heat Recovery system. This unobtrusive technology silently operates in the backdrop, expertly retaining warmth within the property while refreshing the air within your living spaces every hour.

Indulge in the lifestyle you deserve, where meticulous design, exquisite views, and eco-friendliness seamlessly converge. Experience unparalleled comfort and opulence in our meticulously crafted townhouses that truly redefine sophisticated living.

IT IS IN OUR FABRIC

THE AIR YOU BREATHE

Utilising the air tight construction of the buildings, fresh, pre heated air circulates around habitable room, delivering fantastic air quality for you and your guests, 24 hours a day, automatically by way of individual Mechanical Ventilation Heat Recovery systems. Filtering the incoming air and passing it through a heat exchanger (warmed by the outgoing air), the system harvests over 95% of the energy in the extracted air, offering inhabitants a cleaner, more environmentally friendly approach to air handling.

AIR TO HEAT

Air Source Heat Pumps service all of our new build homes at Gwel Trebarwith, these incredibly efficient units provide year round heating and hot water without any combustion or emissions. Harnessing ambient energy in the air and turning it into heat is at the forefront of the global movement away from fossil fuels and carbon emissions, we embrace that movement. In harmony with nature, coupled with a highly insulated construction, these units provide the most environmentally sympathetic way to heat your home. Each area of the home benefits from a hardwired thermostat with individual controls to enable maximum comfort without wasting heat where it is not required.

MORE THAN LIGHT

Drenched with light in every room, full height triple glazed, argon filled windows offer yet another nod to sustainability with very efficient units offering the best in modern design whilst ensuring the precious heat you produce is not lost. Additionally, low energy LED lighting fixtures throughout offer a low impact, maximum output return on every kilowatt consumed. Coupled with a smart home system that delivers flexibility and control in every room. With smart lighting controls and presence sensors in communal areas, your house knows where to save energy and how to keep you comfortable.

ARRIVE AND THRIVE

Our homes are designed to be enjoyed by one and all, with adaptable designs suitable for varying arrangements and alternate living spaces. Furthermore, they are inclusive of all the modern conveniences you would expect from a premium development. With fully fitted kitchens and appliance packs, including boiling hot water taps and quartz stone worktops, durable oak flooring and large format tiling surrounding the en suites and bathrooms. Bring your belongings and you'll be ready to move in on day one.

SECURE FOR SURE

Whether you're arriving for the first time or returning to your home, ease of access whilst maintaining high standards of security is part and parcel of our development. With remote controlled security gates to the parking area at the rear of the development as well as video intercom systems ensure your home is safe and secure. Pedestrian access gates are also security enabled for peace of mind, however you arrive.
