Experience all the great outdoors has to offer at one of the sprawling parks, areas of woodland or local golf courses, or enjoy a spot of retail therapy in some of the household name stores in nearby Falkirk. Or when only metropolitan vibrancy will do, take your pick from Edinburgh (45 minutes) and Glasgow (40 minutes), both easily accessible via the M9.

Have everything on your doorstep

Polmont itself is home to a variety of amenities, including a large supermarket, post offices, pharmacies, a number of convenience stores, cafés and takeaways all just minutes away. Slightly further afield are Falkirk's many retailers, from the Tesco Superstore and M&S Foodhall to an A to Z of high street names. You'll also find a lively bar and restaurant scene in Falkirk and Linlithgow, with their cosy local pubs and restaurants serving styles and flavours from around the globe.

Be at one with nature

With plenty of open green spaces located nearby, there will always be somewhere new to explore here. Or why not enjoy the peace and tranquillity of Linlithgow Loch, or admire the eye-catching sculptures at The Kelpies?

Designed for a greener future

We're dedicated to creating sustainable communities that safeguard your family's future. Equipped with the knowledge and expertise to pioneer new ways of heating homes.

Our homes at Lathallan Grange are powered by one of Scotland's largest residential centralised ground source heat networks, providing residents with renewable, fully electric energy to fuel their homes. Every property also includes an EV charging point as standard.

As part of our commitment to nature, we also incorporate wildlife-friendly measures throughout our new developments, such as bat roosting and bird nesting features, hedgehog-friendly fences and invertebrate bricks for bees and other invertebrates.

Sustainability the Cala way

Cala has a rich heritage originally dating back to 1875. We started building homes in the 1970s and, for over 50 years, have been creating high quality, sustainable new homes and communities. However it is not just what we do, but the way we do it that matters to Cala.

As part of our sustainability journey we are aiming to reduce our paper usage by 90% across the company, including the customer journey, which is why we are aiming for online only brochures at our developments.

Thinking sustainably is at the heart of everything we do; from identifying the right sites, through creating a safe, healthy and fulfilling working environment, to taking a sensitive approach to development and delivering communities that meet local requirements.
