*"This was the first place I've really called home in Bristol, when I first viewed the property I wanted a garden for a cat and a windowsill I could sit in looking into the garden. I love the quiet spot overlooking the garden from the upstairs bedroom - it's a really open space where we've had bbq's galore in the summer and cosy dinner parties in the winter. A great memory is just going to the park when it snowed and grabbing a croissant with my partner - felt magical. Also love the top local pubs"*
