"This bungalow has been an oasis of calm for me whilst still being a stone's throw from all my favourite spots. Watching the garden change with the seasons from the big front window has been a source of joy during my time here. It's a nice bumble down the hill poking our heads into all of the fun little shops on our way to play board games at Chance & Counters. There's also so many food spots nearby, our favourites are Jean's Thai, Lonely Mouth, The Lazy Dog and Lona's Grill House & Juice Bar."
