"We've loved growing into the neighbour hood around us. From casual brunches at Grounded and croissant runs to the Deli before our daughter, to getting to know our neighbours and local parents from frequent trips to the Arnos Vale park and Kin in more recent years. There is such a community feel here and we'll miss the over the garden fence chats with neighbours and bumping into familiar faces at the local shops, just as much as the house we've built into our home over the last 8 years."
