Ample on street parking. One of the key features of this particular flat is it has own dedicated private rear garden space with perimeter fencing and sunny aspect. Area of decking well proportioned to accommodate a table and chair, a large area of gravel chippings, a brick barbecue. This is a lovely outdoor space which could be made really nice by the owners or if the property is purchased by a landlord it is a real selling point to potential tenants or also opens up the opportunity to acquire tenants including elderly people, looking to downside but still wanting private outside space.
