THE LONG BARN

Rare in this part of Hampshire, an opportunity to acquire a timber framed barn with planning consent to allow a oak facade under a standing seam metal roof with solar panels. The consent is granted under a Class Q application, to convert the barn into a residential dwelling.

Set in beautiful open countryside with far reaching views across the surrounding Hampshire Downs The Long Barn sits on a generous plot of 0.8 acres.

The planning allows for an open living area with the kitchen and sitting room opening onto the garden and taking full advantage of the extensive views. The kitchen is also open to the dining area which encompasses the modern style of family living.

The master bedroom is en suite with two further bedrooms also en suite. The main body of the barn has a vaulted ceiling with one upstairs room which can be used as a fourth bedroom/games room/study.

The barn is south facing and sits to the back of the plot which will allow for a large garden taking full advantage of the open views and allowing for a sweeping driveway.

Please note that under Class Q planning the barn conversion has to be completed within 3 years of the planning being granted.
