VERSATILE RURAL LIFESTYLE PROPERTY SET IN ATTRACTIVE EDGE OF VILLAGE SETTING

“A rare opportunity to purchase a rural lifestyle property comprising a comfortable five-bedroom farmhouse, excellent range of agricultural and ancillary buildings and in all set in a ring fence extending to 27.90-acres”

House: A comfortable farmhouse extending to five bedrooms and providing spacious family accommodation. The property includes open kitchen diner, living room, dining room, office, utility and cloakroom to the ground floor. There are five bedrooms and family bathroom located to the first floor. The house is set in mature, lawned gardens with benefit of garage.

Ancillary Buildings: A classroom complex comprising modern, single storey, timber structure together with farm office, changing room, visitor toilets and potting shed. The complex was utilised for the running of the Community Care Farm in recent years but offers the opportunity for alternate uses, subject to the necessary consents.

Land and Agricultural Buildings: In all the land extends to approximately 27.90 acres and is set within a ring-fence, comprising arable, grass and woodland. There are an excellent range of steel framed grain stores, machinery store and livestock buildings.

DESCRIPTION / BACKGROUND

Rarely do such versatile small holdings become available, offering a variety of facilities as well as potential to develop further or explore alternate uses, subject to the necessary consents. Densholme Farm has been operated as an Organic Community Care farm in recent years and comes to the market due to the semi-retirement of the Fell family.

Densholme Farm is a superbly versatile, residential and agricultural smallholding offering well-presented range of facilities offering excellent potential. The property is set in a rural, yet accessible location, on the edge of Great Hatfield and in all extends to 27.90-acres.

Densholme Farm comprises a comfortable family farmhouse, extending to five-bedrooms with the accommodation set over two-storeys. The property was built in the mid-1980's and is well-presented with open plan kitchen diner, separate utility and office set off. There is a living room, dining room, central hallway, entrance porch and cloakroom to the ground floor. There are five well-proportioned bedrooms and family bathroom to the first floor.

There is a versatile classroom complex comprising single storey, timber frame building which was utilised in support of the Community Care Farm. This is a modern and energy efficient building, set in a private position and offers alternate use potential, subject to the necessary consents. There are additional facilities including farm office, changing room, visitor bathroom facilities and potting shed.

In total the farm extends to 27.90-acres, set within a ring fence and includes grass, arable and woodland. The land has previously been certified as Organic and is suitable for those with agricultural, equestrian or conservation / wildlife interests. There are an excellent range of general purpose, grain stores and livestock buildings constructed of steel portal frame and have been utilised in support of the Fell family's farming business.

LOCATION

Densholme farm is located in a rural yet accessible position, on the edge of Great Hatfield village and within the East Riding of Yorkshire. The property is located off the Hornsea Road and benefits from road frontage.

The hamlet of Great Hatfield comprises modest range of residential and agricultural properties. A further range of services and amenities can be found in the coastal village of Hornsea, set approximately 3.6 miles north east. These include convenience store, fuel garage, shops, food outlets, church, primary school and doctors' surgery.

A full range of high-quality services and amenities are located within the commercial hub of Hull including variety of shops, convenience stores, leisure, recreational and sporting facilities. There are also number of primary, secondary and further educational institutes, health care facilities and mainline railway station providing links to London Kings Cross and Edinburgh Waverley in under 2-hours.

Additional services and amenities can be found in the traditional market town of Beverley including further convenience stores, public houses, café's restaurants, hoteliers and recreational facilities. The town is also home to railway station providing further transport links.

There are a number of good, nearby road networks, linking the property to local services and amenities including the A1033, A63, A164 and A165.

FARMHOUSE

The residential accommodation comprises a spacious and well-proportioned farmhouse, originally constructed in the 1980's but subsequently extended and modernised. The accommodation is set over two-storeys and extends to five-bedrooms and benefits from single garage and mature, lawned gardens.

Storage cabinets either side. Motion-activated low light on landing near bathroom.

OUTSIDE

GARDENS

To the front and side of the house is a gravelled drive from Hornsea Road which also leads to the farm buildings. A conifer hedge provides privacy from Hornsea Road, behind which there is a lawned area with flower borders to the front of the house and a gravelled parking area.

To the rear of the house is a gravelled and flagged area with a path leading to the classroom area.

GARAGE: 7m x 4.05m (internal)

A brick and tile garage with a personnel door lies to the north-west of the house with electric lighting and sockets.

ANCILLIARY BUILDINGS

Densholme Community Farm operated from a classroom complex including single storey, timber frame building together with changing room, visitor bathroom facilities, potting shed and farm office.

POTTING SHED: 3.438m x 1.413m internal

Open-fronted. Timber construction with felted roof.

FARM OFFICE: 3.345m x 3.947m internal

Of timber construction with a felted roof. Electrics installed and non-slip floor.

CHANGING ROOM: 3.022m x 4.067m

With Disabled W.C., grab rails, wash hand basin, overhead tracks with hoist around internal edge of building (not tested). Changing bench – height adjustable. Electric heater for frost-proofing. Anston water heater. Non-slip floor with coved edges.

AGRICULTURAL/VISITOR TOILETS

2 No. w.c.'s as two separate cubicles. Pedestal wash hand basin. Electric water heater. Concrete floor. 2 No. external wash basins (H/C).

CLASSROOM COMPLEX

The classroom comprises a modern energy efficient single-storey timber framed structure with a rubber surfaced flat roof. The classroom would be readily adaptable to form offices or, for example, a farm shop, subject to planning and any other necessary consents. Conversion to a dwelling may be feasible, again subject to planning and any other necessary consents, as the area has a quite well separated curtilage from the farmhouse area. The classroom is very energy efficient with a Class A commercial energy rating.

ENTRANCE LOBBY: 4.319m x 1.590m

With pedestal wash hand basin in white, tiled over. Coat rails. Electrical distribution board and fire alarm control panel.

DISABLED W.C. off:

With grab rails, wash hand basin and air hand dryer. Non-slip floor. Substantially tiled with high level ceiling.

CLASSROOM: 9.699m x 6.70m internal

The underfloor heating is powered by the air source heat pump which also supplies water to hot water tank. A double glazed range of windows and French doors to the south provides very light and airy conditions. The classroom is equipped for food preparation with worktops along the northern wall incorporating a Bosch dishwasher, stainless steel single drainer sink unit (H/C) with mixer tap, NEFF four induction hob, Bosch electric oven, extractor canopy (stainless steel) to outside. Eye-level and lower fitted cupboards. 9 No. twin LED tube lights. To the front, on the southern side, there is a covered walkway/veranda with non-slip decking and wheelchair ramps. Externally, there are significant areas of gravelled parking with two block paved disabled parking spaces

FARM BUILDINGS

An excellent range of more modern farm buildings sit to the north of the farmhouse. They have been utilised as general purpose, workshop, grain stores and livestock buildings.

GRAIN STORE

11.98m x 17.98m plus North Lean-To: 17.981m x 6.179m & Southern Lean-To: 17.981m x 6.459m to part with a section at the western end reducing by 2.820m over a length of 4.462m.

These buildings have the biomass (wood pellet) boiler in the south-east corner, referred to subsequently, together with solar panels on the roof, also referred to in the Heating and Energy section of these particulars.

CATTLE BUILDING AND ADJACENT STORAGE BUILDING

Two x 15.122m x 10m x approx. 3.6m

Steel portal framed buildings. These two buildings comprise two adjacent spans with a central valley gutter and comprising concrete block walls to 1.88metres height with space boarding above and a central sheet steel clad vehicular access door with integral personnel door. The southern building has a concrete floor.

The adjacent building to the north has space boarding surrounding down to 1.9m above ground level but is otherwise open-fronted and sided at lower levels and has been used for covered storage. Both of these buildings were erected in approximately 2013.

LAND

The land within the holding has been used for agriculture for the most part and, in recent years, has been planted with Countryside Stewardship Scheme land covers including wild bird seed and other similar crops. The land has been operated as part of an organic holding.

Lot 1

Land use within Lot 1 of the property can be summarised as the following areas:-

Established Woodland: 3.31 Acres

Established Orchard: 1.21 Acres (recorded as permanent crops)

Woodland adjacent to the Classroom: 0.54 Acres

Educational/Training Area/Car Parking adjacent to the Farm buildings: 0.27 Acres

Open Growing Land: 8.35 Acres

Farm buildings & adjacent Hardstanding /Circulation Areas: 0.8 Acres

Lot 2

This comprises 4.57 Ha (11.292 acres) of arable land to the east of Lot 1 and is accessed from Hull Road and separated from Lot 1 by a native species hedge.

The land is 'L' shaped in plan and comprises level, quite free working, soil.

Land Classification

The land is classified as Grade 2 on the former Ministry of Agriculture, Fisheries and Food Land Classification Plan. Grade 2 is described as very good quality agricultural land with minor limitations that affect crop yield, cultivations or harvesting. A wide range of agricultural and horticultural crops can usually be grown.

GENERAL INFORMATION - REMARKS & STIPULATIONS

ENVIRONMENTAL / COUNTRYSIDE STEWARDSHIP SCHEMES

The land is no longer subject to any Environmental / Countryside Stewardship Schemes with the scheme ending on 31st December 2024 together with the Organic registration.

EASEMENTS, RIGHTS OF WAY & WAYLEAVES

The property is sold subject to and with the benefits of all existing rights of way, water, light, drainage and other easements attaching to the property whether mentioned in these particulars or not.

BOUNDARIES

The vendors will only sell such interest as they have in the boundary fences and hedges etc. All boundaries and areas are subject to verification with the title deeds.

SPORTING, TIMBER & MINERAL RIGHTS

Sporting, mineral rights are in hand and we understand to be included within the sale.

HEATING AND ENERGY

The farmhouse is heated by a biomass boiler located within the corner of the grain store. The boiler is a Hargassner Classic Lambda 58 kW and incorporates a 6-tonne outdoor wood pellet hopper store and within the building close to the boiler is an accumulator and related delivery items for hot water. The biomass boiler was installed in 2016.

There are solar panels on the south facing slope of the grain store roof, the panels feeding into the electricity grid through a contract with OVO Energy. Details of the earnings of the panels and their performance can be obtained from the selling agents.

METHOD OF SALE

The property is being offered for sale by the joint selling agents, Cundalls and Michael Glover LLP. by private treaty as a whole or in two lots.
